Mr. Barry Eskanos  
3122 Pine Tree Drive  
Miami Beach, FL 33140

Mr. Eskanos:

Ms. Caroline Klancke with the Florida Public Service Commission contacted Peoples Gas System with regard to natural gas service at your home, 3122 Pine Tree Dr., Miami Beach, FL. During the conversation, she mentioned that you have safety concerns with regard to natural gas.

I assure you that Peoples Gas considers the safety of our customers and employees to be of the utmost importance. In recognition of our safety value, Peoples would like to schedule a complete safety and operating inspection of all your natural gas appliances. This service would be performed by a third party independent appliance dealer at no cost to you. The appointment would be scheduled for a convenient time and day of your choosing. Upon of inspection of each of your appliances, the inspector will inform you of any conditions that may need to be corrected.

Please contact me at 813-228-4561 to discuss scheduling the appliance inspection.

Sincerely,

Lance Horton  
Director Business Services
