## **NOTICE TO CUSTOMERS**

### **MIDCOURSE FUEL AND PURCHASED POWER COST RECOVERY CLAUSE RATE INCREASE**

**In re: Docket No. 090001-EI  
(Fuel and Purchased Power Cost Recovery Clause)  
Petition of Florida Public Utilities Company to implement a  
midcourse fuel adjustment**

On February 12, 2009, Florida Public Utilities Company ("FPUC") filed a Petition with the Florida Public Service Commission for approval of a midcourse correction to its fuel and purchased power cost recovery clause rates. The purpose of the request is to collect the projected under-recovered fuel and purchased power costs through December 31, 2009, in the current calendar year. As of December 31, 2009, FPUC's Fernandina Beach Division will have under-recovered \$2,671,081, due to increased costs charged to FPUC for the purchase of electric power to serve its customers. Under the proposal filed by FPUC, residential customers in Fernandina Beach will pay \$131.70 for 1,000 kWh of electricity. This reflects an increase of \$9.31 when compared with the current amount of \$122.39. If approved by the Florida Public Service Commission ("FPSC") at its March 17, 2009, Agenda Conference, the increase will be applied to meter readings on and after March 27, 2009. If approved by the FPSC, these fuel and purchased power costs are passed directly to customers with zero profit to FPUC.

Any customer comments regarding the FPUC's proposal should be addressed to: Director, Division of the Commission Clerk and Administrative Services, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850. Customer comments should refer to Docket No. 090001-EI, which is the docket number that has been assigned to this proceeding.

For your information, we are also providing the address and telephone number of the FPSC's Consumer Affairs Division: Division of Consumer Affairs, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, 1-800-342-3552 (Toll Free Number).

FPUC requests that any customer who desires to have a free energy audit of their home or business contact their local energy conservation representative to set up an appointment.
