**THE FLORIDA INDUSTRIAL POWER USERS GROUP'S

Pursuant to sections 120.569, .57, Florida Statutes, and rules 25-22.039, 28-106.201 and 28-106.205, Florida Administrative Code, the Florida Industrial Power Users Group (FIPUG), through its undersigned counsel, files its Petition to Intervene. In support thereof, FIPUG states:

4. Notice of docket. Petitioner received notice of this docket by a review of the Commission's website.

5. Statement of Substantial Interests. FIPUG is an ad hoc association consisting of industrial users of electricity in Florida. The cost of electricity constitutes a significant portion of FIPUG members' overall costs of production. FIPUG members require adequate, reasonably-priced electricity in order to compete in their respective markets.

6. In this case, the Commission will consider Progress Energy Florida's (Progress) request for a limited proceeding to include the Bartow Repowering project in base rates in July 2009, while simultaneously prosecuting a rate increase. The amount of any increase approved as a result of this request, will affect FIPUG members' substantial interests by increasing their costs of electricity, thus affecting their production costs, their competitive posture, and their levels of employment. Thus, as customers of Progress, FIPUG's members' substantial interests will be affected in this docket.

7. FIPUG's interests are of the type that this proceeding is designed to protect. *See, Agrico Chemical Company v. Department of Environmental Regulation*, 406 So.2d 478 (Fla. 2nd DCA 1981). The purpose of the proceeding is to evaluate Progress' request and determine if they have merit. Thus, the purpose of the proceeding coincides with FIPUG's substantial interests, which is to ensure that the rates it pays to Progress are just and reasonable.

8. Disputed Issues of Material Fact. Disputed issues of material fact include, but are not limited to, the following:

- a. Is Progress' request to include the Bartow Repowering in base rates in July 2009 just and reasonable?
- b. Does Progress' request violate the rate case stipulation approved by the Commission in Order No. PSC-05-0945-S-EI in Docket No. 050078-EI?
- c. Is Progress' request for a limited proceeding appropriate given the pendency of its rate case in Docket No. 090079-EI?

FIPUG reserves all rights to raise additional issues in accordance with the Commission's rules and the Order Establishing Procedure which will be issued in this case.

9. Disputed Legal Issues. Disputed legal issues include, but are not limited to, the following:

- a. Does Progress' request to include the Bartow Repowering in base rates violate the rate case stipulation approved by the Commission in Order No. PSC-05-0945-S-EI, Docket No. 050078-EI?
- b. Does expedited processing of Progress' requests violate the parties' due process rights?

10. Statement of Ultimate Facts Alleged. Ultimate facts include, but are not limited to, the following:

- a. Progress' request to include the Bartow Repowering project in base rates in July 2009 violates the parties' rate case stipulation.
- b. Progress' request should be denied.

11. Rules and statutes justifying relief. The rules and statutes that entitle FIPUG to intervene and participate in this case include, but are not limited to:

- a. Section 120.569, Florida Statutes;
- b. Section 120.57, Florida Statutes;
- c. Section 366.04(1), Florida Statutes;

- d. Section 366.06, Florida Statutes;
- e. Rule 25-22.039, Florida Administrative Code;
- f. Rule 28-106.201, Florida Administrative Code;
- g. Rule 28-106.205, Florida Administrative Code.

12. Relief. FIPUG requests that it be permitted to intervene as a full party in this docket.

**WHEREFORE**, FIPUG requests that the Commission enter an order allowing it to intervene and participate as a full party in this docket.
