

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

IN RE: NUCLEAR POWER PLANT COST RECOVERY CLAUSE

Docket No. 090009-EI Submitted for Filing July 17, 2009

RECEIVED-FPSC 09 JUL 17 PM 3:08 COMMISSION CLERK

PROGRESS ENERGY FLORIDA'S NINTH REQUEST FOR CONFIDENTIAL CLASSIFICATION REGARDING THE RESPONSE TO OPC'S FIFTH REQUEST FOR PRODUCTION OF DOCUMENTS (NOS. 75-80)

Progress Energy Florida, Inc. ("PEF" or the "Company"), pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(3), Florida Administrative Code, requests confidential classification of portions of the response to OPC's Fifth Request for Production of Documents (Nos. 75-80), specifically request numbers 75, 76, 78, 79 and 80. The information contained in these responses contains proprietary and confidential business information which the Company does not disclose to the public, including contractual data the disclosure of which would impair PEF's ability to contract for necessary goods and services and in many cases would violate contractual confidentiality clauses.

With respect to the confidential information contained in the response to OPC's discovery requests, PEF filed its Seventh Notice of Intent to Request Confidential Classification on June 26, 2009. Pursuant to Rule 25-22.006(3), Florida Administrative Code, this request is timely. PEF hereby submits the following in support of its confidentiality request.

BASIS FOR CONFIDENTIAL CLASSIFICATION

Section 366.093(1), Florida Statutes, provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." § 366.093(1), Fla. Stat. Proprietary confidential business information means information

that is (i) intended to be and is treated as private confidential information by the Company, (ii) because disclosure of the information would cause harm, (iii) either to the Company's ratepayers or the Company's business operation, and (iv) the information has not been voluntarily disclosed to the public. § 366.093(3), Fla. Stat. Specifically, "information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" is defined as proprietary confidential business information. § 366.093(3)(d), Fla. Stat. Additionally, section 366.093(3)(e) defines "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information," as proprietary confidential business information.

The responsive information to OPC's requests numbers 75, 76, 78, 79 and 80, as explained below and in the supporting affidavit of Garry Miller, contains confidential competitive business information, including information concerning contractual data, the disclosure of which would impair PEF's efforts to contract for goods and services on favorable terms. Specifically, this information includes information regarding the contractual agreements necessary for the success of the Levy Nuclear Project ("LNP"), including contracts for the purchase of the land on which the LNP is to be built, bank statement excerpts verifying the payments for the LNP land, as well as additional provisions of the EPC contract. The release of this information would adversely impact PEF's competitive business interests if disclosed to the public. If other parties were made aware of confidential contractual terms and arrangements that PEF has with other parties, including the pricing arrangements, they may offer PEF less competitive contractual terms in future contractual negotiations. See Affidavit of Garry Miller, ¶ 4. Furthermore, the disclosure of these confidential contractual terms would be a violation of

contractual confidentiality provisions entered by PEF and the other contractual parties. See id. Accordingly, these documents should be afforded confidential treatment pursuant to section 366.093(3)(d), Florida Statutes.

PEF has kept confidential and has not publicly disclosed the confidential information and documents at issue here. See Affidavit of Miller, ¶ 5. Absent such measures, PEF would run the risk that sensitive business information regarding what it is willing to pay for certain goods and services, as well as what the Company is willing to accept as payment for certain goods and/or services, would be made to available to the public and, as a result, other potential suppliers, vendors, and/or purchasers of such services could change their position in future negotiations with PEF. Without PEF's measures to maintain the confidentiality of sensitive information in these documents, the Company's efforts to obtain competitive contracts and to obtain competitively priced goods and services would be undermined. In addition, by the terms of the contracts governing the information produced in response to these requests, all parties, including PEF, have agreed to protect the proprietary and confidential information from public disclosure. See id.

Upon receipt of this confidential information, strict procedures are established and followed to maintain the confidentiality of the information provided, including restricting access to those persons who need the information to assist the Company. Id. At no time since receiving the information in question has the Company publicly disclosed that information; the Company has treated and continues to treat the information at issue as confidential. Id.

### **CONCLUSION**

The competitive, confidential information at issue in this request fits the statutory definition of proprietary confidential business information under Section 366.093, Florida

Statutes, and Rule 25-22.006, Florida Administrative Code, and that information should be afforded confidential classification. In support of this motion, PEF has enclosed the following:

(1) A separate, sealed envelope containing a CD of the confidential Attachment A to PEF's Request for Confidential Classification for which PEF has requested confidential classification with the appropriate section, pages, or lines containing the confidential information highlighted. **This information should be accorded confidential treatment pending a decision on PEF's request by the Florida Public Service Commission;**

(2) Two copies of the documents with the information for which PEF has requested confidential classification redacted by section, page or lines, where appropriate, as Attachment B; and,

(3) A justification matrix supporting PEF's Request for Confidential Classification of the highlighted information contained in confidential Attachment A, as Attachment C.

WHEREFORE, PEF respectfully requests that the redacted portions of the Company's response to OPC's Fifth Request for Production of Documents (Nos. 75-80), specifically request numbers 75, 76, 78, 79 and 80, be classified as confidential for the reasons set forth above.

Respectfully submitted,
