RECEIVED-FPSC

**AFFIDAVIT OF JOSEPH McCALLISTER IN SUPPORT OF
PROGRESS ENERGY FLORIDA'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NORTH CAROLINA

COUNTY OF WAKE

BEFORE ME, the undersigned authority duly authorized to administer oaths,
personally appeared Joseph McCallister, who being first duly sworn, on oath deposes and
says that:

1. My name is Joseph McCallister. I am over the age of 18 years old and I
have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company")
to give this affidavit in the above-styled proceeding on PEF's behalf and in support of
PEF's Request for Confidential Classification. The facts attested to in my affidavit are
based upon my personal knowledge.

2. I am the Director of Gas, Oil and Power in the Fuels and Power
Optimization Department. This section is responsible for natural gas and fuel oil
acquisition for both PEF and Progress Energy Carolinas ("PEC") systems.

3. As the Director of Gas, Oil and Power, I am responsible, along with the
other members of the section, for the management of the gas and oil procurement,

FPSC-COMMISSION CLERK

transportation, hedging activities and administration of gas and oil contracts with various suppliers for PEF's and PEC's electrical power generation facilities.

4. PEF is seeking confidential classification for certain pages and the attachments in the Risk Management Plan submitted on August 4, 2009. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this information because it contains sensitive business information, the disclosure of which would impair the Company's efforts to contract for goods or services on favorable terms.

5. PEF negotiates with potential fuel suppliers to obtain competitive contracts for fuel options that provide economic value to PEF and its ratepayers. In order to obtain such contracts, however, sensitive business information, such as forecasted volumes, hedging percentages, internal policies and guidelines, collateral summaries and unrealized forecasted hedge values, must be kept confidential. With respect to the information at issue in this Request, PEF has kept confidential and has not publicly disclosed confidential information such as forecasted costs, hedging volumes, hedging percentages, internal policies and guidelines, collateral summaries and unrealized forecasted hedge values. Without PEF's measures to maintain the confidentiality of sensitive terms, the Company's efforts to obtain competitive fuel supply contracts could be undermined, because potential fuel suppliers could simply offer the highest prices that would allow them to maintain a marginally competitive position against the disclosed volumes and percentages.

6. Additionally, the disclosure of confidential information in PEF's forecasted fuel volumes and hedging percentages, could adversely impact PEF's competitive business interests. If such information was disclosed to PEF's competitors, PEF's efforts to obtain competitive fuel supply options that provide economic value to both PEF and its ratepayers could be compromised by PEF's competitors changing their consumption or purchasing behavior within the relevant markets.

7. Upon receipt of its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information and contracts at issue as confidential.

8. This concludes my affidavit.

Further affiant sayeth not.

Dated the 28th day of July 2009.
