In re: Petition for increase in rates by Progress

DOCKET NO. 090079-EI
ORDER NO. PSC-09-0594-PCO-EI
ISSUED: September 2, 2009

ORDER GRANTING MOTION FOR TEMPORARY PROTECTIVE ORDER

On May 12, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006(6)(c), Florida Administrative Code (F.A.C.), Progress Energy Florida, Inc. (PEF) filed a Motion for Temporary Protective Order to exempt from Section 119.07(1), F.S., certain confidential information included in PEF's response to the Office of Public Counsel's (OPC) Fourth Request for Production of Documents, No. 122. This request was filed in Docket No. 090079-EI. No other party filed a response to PEF's motion, and the time for doing so has expired.

Motion for Temporary Protective Order

PEF contends that its response to OPC's aforementioned discovery request includes updates to PEF's 2009 financial plan, the disclosure of which could harm PEF's competitive business interests. Specifically, PEF contends that such information, if made available to the public, could place PEF at a competitive disadvantage with respect to the other companies. Further, PEF asserts that if competitors possessed PEF's confidential information they would be able to adjust their behavior in the market place causing disparities between PEF's budgeted financial plans and the actual costs that PEF would encounter in the market place. Accordingly, PEF submits that the information is exempt pursuant to Section 366.093(3)(e), F.S.

Analysis & Ruling

Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(c), F.A.C., in pertinent part, states:

When a utility or other person agrees to allow Public Counsel to inspect or take possession of utility information for the purpose of determining what information is to be used in a proceeding before the Commission, the utility may request a temporary protective order exempting the information from Section 119.07(1), F.S. If the information is to be used in a proceeding before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above.

Upon consideration, PEF's Motion for Temporary Protective Order of documents responsive to OPC's Fourth Request for Production of Documents, No. 122 is granted. PEF has made sufficient assertions that the material should be protected from disclosure pursuant to Rule

25-22.006(6)(c), F.A.C., while OPC reviews the information to determine what information will be used in this proceeding. Accordingly, this information will be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.
