Re: Docket No. 090003-GU – Purchased Gas Adjustment (PGA) True-Up

Dear Ms. Cole:

Enclosed for electronic filing in the above referenced Docket, please find Florida City Gas's Amended Petition for Approval of PGA Factors for the 2010 calendar year. The amended Petition is being filed to correct inaccurate levelized factors reflected in the last paragraph of the original Petition. Our apologies for the inconvenience.

Your assistance in this matter is greatly appreciated. Please don't hesitate to contact me if you have any questions whatsoever.

Sincerely,

Beth Keating

FPSC-COMMISSION CLERK

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In Re: Purchased Gas Adjustment) Docket No. 090003-GU
(PGA) True-up)
_____) Filed: October 6, 2009

**AMENDED PETITION BY FLORIDA CITY GAS FOR APPROVAL OF PGA
FACTOR TO BE APPLIED FOR SERVICE RENDERED
DURING THE PERIOD JANUARY 2010 THROUGH DECEMBER 2010**

Florida City Gas ("City Gas" or "the Company") hereby submits this petition to the Commission requesting Approval of a Purchased Gas Adjustment ("PGA") factor to be applied for service to be rendered during the projected period of January 1, 2010 through December 31, 2010. In support thereof, City Gas says:

1. City Gas has calculated its total net true-up amount (including interest and applicable regulatory assessment fees) for the period January 2008 through December 2008 to be an under-recovery of \$1,404,419.

2. Schedule E-4 shows the projected true-up for the current period January 2009 through December 2009 is an over-recovery of \$1,472,219.

3. The total true-up as shown on Schedule E-4 is an over-recovery of \$67,800, to be applied to the projected period.

4. Estimated therm purchases for resale during the projected period are 44,831,06.

5. Schedule E-4 presents a true-up refund factor of 0.151 cents per therm to be applied during the projected period.

6. The total cost of gas for the projected period is \$41,215,731 as shown on Schedule E-1 line 11.

7. The weighted average cost of gas (WACOG) for the projected period is 91.936 cents per therm as shown on Schedule E-1 line 40.

8. The 0.151 cents per therm true up factor decreases the WACOG during the projected period to 91.785 cents per therm (before the regulatory assessment fees) or 92.247 cents per therm after the regulatory assessment fees as shown on Schedule E-1 lines 42 and 44 respectively. In order to avoid a large under-recovery in the winter season, City Gas has chosen to establish a maximum levelized purchased gas factor based on the Company's expected winter cost of gas. The levelized purchased gas factor based on the Company's expected winter cost of gas is 96.038 cents per therm before the regulatory assessment fees and 96.521 cents per therm after the regulatory assessment fees. This is the appropriate levelized gas cost factor (cap) for City Gas for the projected period.

9. City Gas' proposal filed herewith consists of Schedules E-1 (winter), E-1, E-1R, E-2, E-3, E-4, E-5 and the prepared Direct Testimony of Thomas Kaufmann.

WHEREFORE, Florida City Gas Company respectfully requests that the Commission enter its order approving the Company's proposed winter cost based levelized PGA true-up factor for the period January 2010 through December 2010 of 96.038 cents per therm (before the regulatory assessment fees) or 96.521 cents per
