**Re: Request for Formal Complaint against Peoples Gas System
Informal complaint # 889484G**

Dear Sirs/Madam,

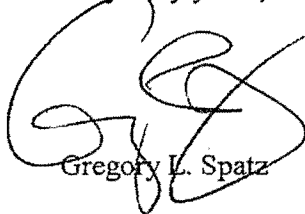

Pursuant to Chapter 28-106, FAC and the commission's procedural rules, in particular Rule 25-22.036., please accept this letter as my request for a Formal Complaint against the above reference utility.

The above utility turned off our service without the notice required under there tariff. An informal complaint resulted in PSC Staff agreeing with the utility on the facts of the case and disregarding the customers & witness's testimony.

I would appreciate the PSC waiving any formal procedures required under the rules for this process since the PSC legal department was not available to assist in preparing this Formal Complaint and I was furnished a copy of the rules as indicated in Neal Forsman's letter.

I would also like to reaffirm that this complaint is against Peoples Gas System not an Electric Company as indicated in Neal's letter.

Very truly yours,

Gregory L. Spatz
