Re: 2010 Ten-Year Site Plans

Dear Mr. Scott R. Koons:

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing electric utility Ten-Year Site Plans, classifying them as "suitable" or "unsuitable." As part of its review, the Commission must solicit the views of appropriate state, regional, and local agencies. Enclosed are copies of Ten-Year Site Plans for the utilities that have identified preferred or potential plant sites in your jurisdiction. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process. These plans have been made accessible from the following Commission website: <http://www.psc.state.fl.us/utilities/electricgas/10yrsiteplans.aspx>.

Please review the enclosed Ten-Year Site Plans and provide comments if desired on their suitability as planning documents. In addition to your full comments, please provide a brief summary (2 paragraphs) of your review. Please forward all comments to me by Thursday, July 1, 2010. If you have any questions, feel free to call me at (850) 413-6682 or Phillip Ellis at (850) 413-6626. Thank you for your assistance.

Sincerely,

/s/

Traci Matthews
