governmental agencies within Global Connection's service territory whose clientele is likely to benefit from the program.

Applicant's Commitment on Carrier of Last Resort Equal Access Requirement

21. Applicant acknowledges that the FCC or GPSC may require it to provide equal access to long distance carriers if all other ETCs withdraw from the market.

22. Applicant commits to make equal access available to allow a subscriber that elects to pay its own toll charges to pre-select its long distance carrier for all toll calls which the customer originates if the ILEC in a wire center within its proposed ETC designated service area drops its ETC designation.

Global Connection's Proposed ETC Service Area

23. Global Connection is not a "rural telephone company" as that term is defined by §153(37) of the Act. Under Section 54.207(a) of the FCC's Rules, a "service area" is a "geographic area" established by a state commission for the purpose of determining universal service obligations and support mechanisms." Global Connection's proposed service area includes all of the non-rural, price-cap telephone company service areas in Florida; namely AT&T and Verizon. For non-rural service areas, there are no restrictions on how a state commission defines the "service area" for purposes of designating a competitive ETC. Therefore the Commission may designate Applicant as an ETC in all of the wire centers of the above-mentioned ILECs as shown on Appendix B.

For these service areas, Global Connection presently only seeks Low Income support through the Lifeline and Link-Up programs.
