Order No. PSC-09-0307-CFO-EI, issued May 7, 2009, granted Confidential Classification of the above-referenced confidential material in Document No. 02591-08 (Fuel hedging activities and market comparisons contained in Exhibit GJY-1, attached to the testimony of Gerard J. Yupp).

On November 8, 2010, FPL Filed a Request For Extension of Confidentiality of Document No. 02591-08 (See Document No. 09237-10).

Pursuant to Section 366.093 of the Florida Statutes, and Rule 25-22.006, Florida Administrative Code, FPL requests that the confidential classification for Document No. 03097-08 that was granted in Order No. PSC-09-0488-CFO-EI, be extended.

Staff has reviewed FPL's confidentiality request. In staff's opinion, the request does meet the criteria for confidentiality contained in Section 366.093, Florida Statutes. Therefore, staff recommends that the request for the extension of confidentiality of certain information included in Document No. 02591-08 be approved.
