April 26, 2011

Docket No. 100009-EI – Nuclear cost recovery clause.

Issue 1: Should the Commission grant PCS Phosphate’s Motion for Reconsideration?

Recommendation: No. In reaching its conclusion that it did not have the authority to require a risk sharing mechanism that would provide an incentive for a utility to complete a project within an appropriate, established cost threshold, the Commission considered and evaluated all the relevant Florida Statutes and case law, the parties’ briefs, and record evidence. Because the Commission did not overlook or fail to consider the relevant Florida Statutes, case law, parties’ briefs, or evidence in the record, the motion for reconsideration should be denied.

APPROVED

Issue 2: Should this docket be closed?

Recommendation: Yes. Upon expiration of the time for appeal, if no appeal has been taken, this docket should be closed.
