Thank you for the clarification, Jeff. We do need "authority" from staff or GCL to move documents from one docket to another. Since you have mentioned that you don't see any need for the letter to remain in the undocketed matters, I can make that change per your e-mails below.

I'm not sure what the value of leaving a copy in the undocketed file would be, but I don't see any need for it there since I've determined which ICA this affects - any future research in the docket will give a complete record. I will leave it up to you to determine whether to keep a copy in the undocketed file - unless of course you need me to make that call.

Thanks,

Jeff

Thank you for letting me know, Jeff. You advised that a copy of the document mentioned below should be placed in Docket 050530. We will be glad to do that. However, I just need a bit of clarification. Do you want us to remove the document from the undocketed matters and place it only in Docket 050530? Or do you want it to be located in both places?

I'm not sure who else I should include in addressing this, so you're "it"!

A copy of this undocketed item should be placed in the docket file of Docket No. 050530-TP since it is the underlying ICA.

Thanks,

Jeff

Vertex's certificate was cancelled a while ago. Suspect you already know that.
