Re:

Undocketed Filings – 2012 FEECA Report Data Collection;

FPSC Docket No. 110000-OT

Dear Ms. Cole:

Pursuant to Staff's letter dated May 19, 2011, we enclose for filing the original and five (5) copies of Tampa Electric Company's responses to Staff's First Data Requests Nos. 1-5.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley

FILED: JUNE 3, 2011

- 1. Please provide two tables comparing the cumulative demand and energy savings achieved against the cumulative goals for the six year period 2005 2010. All savings reported should be "at the generator."
  - a. For Table A, use the goals established in 2004 for all six years.
  - b. For Table B, use the goals established in 2004 for years 2005-2009 and the goals established in 2009 for year 2010.

Table A

Cumulative Savings Achieved vs. Cumulative Goals (2004 goals)

STAFF'S FIRST DATA REQUEST
REQUEST NO. 1
PAGE 2 OF 2
FILED: JUNE 3, 2011

A. Tampa Electric submitted revised goals to the Commission on June 15, 2007. The Commission approved those revisions in Docket No. 070375-EG, Order No. PSC-07-0822-PAA-EG, issued October 15, 2007. Therefore, goals for years 2005 through 2007 originated from the 2004 goals set by the Commission in Docket No. 040033-EG. Goals for years 2008 through 2010 in Table A and years 2008 and 2009 in Table B refer to the goals approved by the Commission in Docket No. 070375-EG.

- 3. The tables on page 34 of TECO's Annual DSM Report filed on March 1, 2011, are entitled "Comparison of Achieved kW and kWh Reductions with PSC Established Goals." Do the reductions shown on these tables reflect savings "at the generator" or "at the meter?" If necessary, please provide these tables to reflect reductions "at the generator."
- A. Historically, Tampa Electric has identified annual DSM achievements "at the meter." In Docket No. 080409-EG Tampa Electric submitted goals "at the generator," therefore, the company's 2010 Annual DSM Report filed on March 1, 2011 should have reported "at the generator." Attached to this data request are the corrected tables.

FILED: JUNE 3, 2011

- 4. As indicated in TECO's Annual DSM Report filed on March 1, 2011, fifteen of thirty-one programs offered did not achieve projected participation levels in 2010, yet TECO was still able to meet or exceed Commission-established goals for 2010. Please provide an explanation.
- A. Tampa Electric believes that regardless of how projected individual programs performed, the intent of FEECA was achieved in that the company's overall annual demand and energy goals for 2010 were met or exceeded. Tampa Electric monitors and manages its entire portfolio of voluntary conservation programs in an effort to meet or exceed Commission established goals; however, certain programs may not achieve projected participation levels when examined in isolation.
