Dear Sir:	CONSUMER COMMENTS	7-05-11
I strongly object to Tradewinds Utilities, Inc. rate increase, according to your Special Report Dated June 2011, our average monthly water and waste water Billing will increase over 31% if Docket NO. 100127-WS rate increase is approved.		
We live on a fixed income and have not had a Social Security increase. Also with interest on our savings at 1% or less, the above rate increase will and already has created a hardship on our household budget.		
Please take the above comments under your considerations.		
Thank you John W. Franklin

CONSUMER COMMENTS 7-05-11

Dear Sirs,

Most of the people in this area are seniors and we have not had a cost of living adjustment (COLA) in years. It seems though everything is increasing except our "salaries" and we definitely do not need the rates on our water to increase.

So please be merciful ~~at~~ and do not allow Tradewinds Utilities, Inc. to increase the rates on the water.

Thank you,
Dorothy S. Franklin

Water rates was already high before Raise
on 3030 gal of water before raise would
be \$49.97 now it is \$63.89 That's 27 1/2 %
They had a sewer back up in a house
here they say it cost \$70,000 to repair
damages they put on a new porch in
the deal (Never had one before) I suppose
we have to pay for that too and I'm
sure they had Ins. for that It seems
like that would be a one time skot
and we have to pay on that
forever Several foreclosers in our Area
Maybe their CEO need Move Money!

Would appreciate help from
our Service Commission
