Re: Global Connection Inc. of America – Replacement Pages to Application for Designation of Eligible Telecommunications Carrier Docket No. 090514-TX

Dear Ms. Cole:

Enclosed please find the original and one (1) copy of replacement pages to the Application for Designation of Eligible Telecommunications Carrier submitted on behalf of Global Connection Inc. of America. As requested by Bob Casey and Catherine Beard of FL Staff, this filing removes references to Verizon areas.

Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope for this purpose.

Any questions you may have regarding this filing may be directed to me at 678.741.6245 or via email to dskogen@gcioa.com.

the supported services either through the lease of switched port/loop combinations (“UNEs”) or through a combination of leased services and resale. Global Connection has plans to deploy its own local switch. Global Connection is properly registered with the FCC to provide telecommunications services under 47 CFR Statute 64.1 195.

5. Global Connection’s street address and principal place of business is 5555 Oakbrook Parkway, Suite 620, Norcross, GA 30093. Global Connection’s telephone number is 678.741.6200.

6. All correspondence, communications, pleadings, notices, orders and decisions relating to this Application should be addressed to:

David S. Skogen
CEO and President
Global Connection Inc. of America
5555 Oakbrook Parkway, Suite 620
Norcross, GA 30093
Phone: 678.741.6245
Fax: 678.741.6333

7. Under 214(e)(1) of the Act, a telecommunications carrier may be designated as an ETC and thereby receive universal service support so long as the carrier, throughout its service areas: (a) offers the services that are supported by federal universal service support mechanisms under Statute 254(c) of the Act, either using its own facilities or a combination of its own facilities and those of another carrier (including services offered by another ETC); and (b) advertises the availability of and charges for such services using media of general distribution. Section 54.201(b) of the FCC Rules states that the Commission shall, on its own motion or upon request, designate a common carrier an ETC so long as the carrier meets the requirements of

governmental agencies within Global Connection's service territory whose clientele is likely to benefit from the program.

Applicant's Commitment on Carrier of Last Resort Equal Access Requirement

21. Applicant acknowledges that the FCC or FLPSC may require it to provide equal access to long distance carriers if all other ETCs withdraw from the market.

22. Applicant commits to make equal access available to allow a subscriber that elects to pay its own toll charges to pre-select its long distance carrier for all toll calls which the customer originates if the ILEC in a wire center within its proposed ETC designated service area drops its ETC designation.

Global Connection's Proposed ETC Service Area

23. Global Connection is not a "rural telephone company" as that term is defined by Statute 153(37) of the Act. Under Section 54.207(a) of the FCC's Rules, a "service area" is a "geographic area" established by a state commission for the purpose of determining universal service obligations and support mechanisms." Global Connection's proposed service area includes all of the non-rural, price cap telephone company service areas in Florida; namely AT&T. For non-rural service areas, there are no restrictions on how a state commission defines the "service area" for purposes of designating a competitive ETC. Therefore the Commission may designate Applicant as an ETC in all of the wire centers of the above mentioned ILEC as shown on Appendix B.

For these service areas, Global Connection presently only seeks Low Income support through the Lifeline and Link-Up programs.

Appendix A

ILEC Rates: Florida

	AT&T
Connection Fee	\$46.00
Monthly Residential	\$12.45 - \$13.68
Call Waiting	\$7.50
