**SECTION 63.71 APPLICATION OF BELL SOUTH TELECOMMUNICATIONS, INC.
D/B/A AT&T SOUTHEAST**

AT&T Inc. on behalf of its affiliate, BellSouth Telecommunications, Inc. d/b/a AT&T Southeast ("AT&T") applies for authority under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. §63.71, to discontinue SMARTGate service a/k/a SPA Managed Shared Ring Network service throughout its service territory in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

As required by Section 63.71(a) and (b) of the Commission's rules, AT&T is providing the following information:

Name and Address of Carrier (47 C.F.R. § 63.71(a)(1), (b)(2)):

BellSouth Telecommunications, Inc. d/b/a AT&T Southeast
c/o AT&T Services, Inc.
2600 Camino Ramon 4S 503
San Ramon, CA 94583

Date of Planned Service Discontinuance (47 C.F.R. § 63.71(a)(2), (b)(2)):

AT&T will no longer offer these services to new customers on or after November 30, 2011, subject to Commission approval of this application. Existing customers may retain their services until July 1, 2014 pursuant to the terms and conditions of their existing service agreement.

Points of Geographic Areas of Service Affected (47 C.F.R. § 63.71(a)(3), b(2)):

BellSouth SMARTGate service will be discontinued throughout its service territory in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

Brief Description of Type of Service Affected (47 C.F.R. § 63.71(a)(3), b(2)):

SMARTGate service is a managed high capacity shared network service capable of providing a transport link with high performance and reliability parameters and a level of redundancy/diversity designed to limit a single event from interrupting service.

The equipment that supports AT&T's SMARTGate service was declared end of sale by the manufacturer. As a result, AT&T is discontinuing this service but plans to offer SMARTRing, DS3, OCN or Ethernet services as alternative service arrangements. Therefore, the public convenience and necessity is not impaired by the discontinuance of this service because AT&T offers ample alternative services.

Brief Description of the Dates and Methods of Notice to All Affected Customers (47 C.F.R. §63.71(b)(3)):

Currently, AT&T has one subscriber on this service and sent the customer notification of its intention to discontinue this service by letter on September 12, 2011 via U.S. Mail. A copy of the customer notification is attached hereto as Attachment A.

In addition, copies of this Application are being sent, first class U.S. Mail, to the public utilities commission and governor of each state in which discontinuance is proposed and also to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.

Regulatory Classification of Carrier (47 C.F.R. § 63.71(b)(4)):

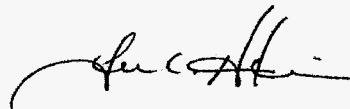

AT&T offers SMARTGate service pursuant to dominant carrier regulation.

Questions about this application may be addressed to Toni Acton, AT&T Services, Inc., Director - Federal Regulatory, 1120 20th Street N.W., Suite 1000, Washington, D.C. 20036, (202) 457-3039.

Conclusion:

The public convenience and necessity will not be adversely affected by the discontinuance of AT&T's SMARTGate service because there are replacement services available from AT&T. AT&T respectfully requests that the Commission approve its Section 63.71 Application to discontinue this service.

Respectfully submitted,

Terri L. Hoskins
Gary L. Phillips
Paul K. Mancini

ATTACHMENT A

September 12, 2011

**Important Notice Regarding Discontinuance of
SMARTGate Service (a.k.a. BellSouth SPA Managed Shared Ring Network)
Effective November 30, 2011**

Thank you for using AT&T for your business service needs. We want to make you aware of planned changes to your SMARTGate Service* (a.k.a. BellSouth SPA Managed Shared Ring Network) which will require coordination and action by you in the near future.

Our records indicate active SMARTGate Service on the following Sprint Billing Account Numbers (BANs):

In light of evolving market conditions and network platform equipment nearing End of Life (EOL), AT&T has elected to discontinue offering SMARTGate Service. It will be grandfathered and withdrawn from offer to all new customers in AT&T Southeast (AL, FL, GA, KY, LA, MS, NC, TN, SC) on November 30, 2011 (subject to approval by the Federal Communications Commission).

Effective November 30, 2011, the following service restrictions to existing SMARTGate service will also apply:

1. Existing customers may not purchase additional SMARTGate service arrangements; however, they may continue to purchase additional On-Net and Off-Net circuits and directly related elements associated with an existing SMARTGate Service, subject to existing capacity availability, for the remainder of any term commitment, including any contract, term plan or other applicable arrangement (collectively, "term commitment")
2. Existing service will be provided according to all applicable rates, terms and conditions for the remainder of any term commitment
3. Upon the expiration of any term commitment, service will be provided on a month-to-month basis at the then-applicable month-to-month rate until service is discontinued (currently planned for July 1, 2014).
 - a. No new or additional term commitments of any kind, including any otherwise available renewals, extensions or renegotiations, will be available.

(Over)

b. Upon the expiration of any term commitment no move, adds or change orders will be accepted.

Though we plan to withdraw the SMARTGate Service offering, AT&T is ready to provide alternate solutions such as AT&T SMARTRing, DS1, DS3, or OCN services.

Your AT&T account manager (John Rogers @jr0844@att.com) is ready to discuss your needs to make this transition as smooth as possible.

We appreciate your cooperation and apologize for any inconvenience this change may cause.

Thank you for using AT&T.

Sincerely,

Bob Aiton

* Service provided under FCC Tariff No. 1, Section 6 & 7, and The Access Services tariffs for BellSouth Telecommunications Inc. in Alabama, Florida, Georgia, Kentucky, Louisiana, and Tennessee, Section E7, and The AT&T North Carolina Access Guidebook, Section E7, and provided by BellSouth Telecommunications, Inc., d/b/a AT&T Southeast.

AT&T is required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission release public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 Application of BellSouth Telecommunications, Inc., d/b/a AT&T Southeast. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment), upon you or your company, including any inability to acquire reasonable substitute service.

Please do not send inquiries or payments to the return address on this notice. If you have comments or questions, please contact AT&T Customer Service at the toll-free number on your bill.
