CUSTOMER NOTICE

ISSUED: DECEMBER 12, 2011

On February 18, 2011, Lake Utility Services, Inc. (the "Utility"), completed its application to the Florida Public Service Commission (the "Commission") for increased water and wastewater service rates, in which it requested a permanent rate increase of 38% for water service and 12% for wastewater service.

By Proposed Agency Action Order No. PSC-11-0514-PAA-WS ("PAA Order"), issued November 3, 2011, the Commission approved a rate increase of 25.7% for water service and a decrease of 5.5% for wastewater service. These rates and charges were designed to allow the Utility the opportunity to recover its reasonable and prudent costs for providing service, and a reasonable rate of return on its investment in facilities necessary to provide such water and wastewater service. The Utility also requested and obtained increases in its meter installation and service availability charges. The PAA Order was not protested within the protest period, and became final by Order No. PSC-11-0548-CO-WS, issued November 29, 2011.

The increased rates and charges are effective for service on or after December 17, 2011.

The rates prior to filing, the Commission-approved water and wastewater rates, and approved revised meter installation and service availability charges are attached to this customer notice.

This notice was prepared by the Utility and approved by the Commission Staff for distribution by the Utility to its customers.

If you have any questions about your bill, please contact the Utility at (800) 272-1919.

Sincerely,

Lake Utility Services, Inc.
