

VOTE SHEET

February 14, 2012

Docket No. 090430-TP – Amended petition for verified emergency injunctive relief and request to restrict or prohibit AT&T from implementing its CLEC OSS-related releases, by Saturn Telecommunication Services, Inc. d/b/a Earthlink Business. (Deferred from the August 9, 2011, new recommendation filed.)

Issue 1: Should AT&T be required to update the Required/Conditional/Optional (R/C/O) tables?

Recommendation: Yes. Staff recommends that AT&T should update the “required” information fields contained within the Required/Conditional/Optional (R/C/O) instructional tables to reflect any changes AT&T has made to the LEX ordering interface between November 2009 and March 2012. This update should be performed one time and should be made available to STS within 60 days of the issuance of the Consummating Order (when PAA becomes final). The update should be in a Microsoft Word file and formatted in the same manner as the R/C/O tables contained within AT&T’s retired Local Ordering Handbook. Additionally, AT&T should work with STS over the next six months to reduce the number of order rejections STS experiences.

DENIED

(Continued from previous page)

Issue 2: Should this docket be closed?

Recommendation: Yes. If the Commission approves staff recommendation on Issue 1, then STS has indicated that there will be no remaining issues and staff recommends that the docket be closed. The resulting decision to approve issue 1 and close the docket will be issued as a Proposed Agency Action. The decision will become final upon issuance of a Consummating Order, if no one person whose substantial interests are affected timely files a protest within 21 days of the issuance of the Order.

MODIFIED

*Although Issue 1 was denied, the
commission voted to close the docket.*
