In re: Petition for rate increase by Florida
Power & Light Company

Docket No. 120015-EI
March 19, 2012

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION OF MFRs D-2 AND F-4**

Florida Power & Light Company ("FPL") and, pursuant to Rule 25-22.006, Florida Administrative Code, and section 366.093, Florida Statutes, hereby requests confidential classification of certain portions of Minimum Filing Requirements ("MFRs") D-2 and F-4 filed in connection with FPL's Petition for Rate Increase. In support of its request, FPL states:

1. On March 19, 2012, FPL filed its Petition for Rate Increase along with the prefiled direct testimony of its witnesses and the requisite MFRs. Confidential information is contained in portions of MFRs D-2 and F-4.

2. The following exhibits are included herewith and made a part hereof:

a. Exhibit A consists of the documents for which FPL seeks confidential treatment. All information in Exhibit A that FPL asserts is entitled to confidential treatment has been highlighted.

b. Exhibit B consists of edited versions of the documents for which FPL seeks confidential treatment. All information for which FPL requests confidential treatment has been redacted in Exhibit B.

c. Exhibit C consists of a table containing a line-by-line and page-by-page identification of the information for which confidential treatment is sought and, with regard to each document or portion thereof, references to the specific statutory bases for confidentiality and to the affidavit in support of the requested classification.

d. Exhibit D includes the affidavits of Paul Cutler and J.A. Stall in support of this request.

3. The information identified in Exhibit C is proprietary confidential business information within the meaning of section 366.093(3), Florida Statutes. To the best of FPL's knowledge, the highlighted information has not been publicly disclosed. Pursuant to section 366.093, Florida Statutes, such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the highlighted information is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As the affidavits included in Exhibit D indicate, the confidential information in MFR D-2 consists of information about the capital structure of affiliated and consolidated companies. If publicly disclosed, this information would harm the competitive interests of the provider of the information and would trigger Securities and Exchange Commission reporting obligations. This information is protected by section 366.093(3)(e), Florida Statutes. Additionally, the information in MFR F-4 consists of security measures, systems, or procedures. This information is protected by section 366.093(3)(c), Florida Statutes.

5. Upon a finding by the Commission that the material in Exhibit A for which FPL seeks confidential treatment is proprietary confidential business information within the meaning of section 366.093(3), Florida Statutes, such materials should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its request for confidential classification be granted.

Respectfully submitted,
