REDACTED 12000-0T

2012 Incumbent Local Exchange Carrier (ILEC) Questionnaire (Due by April 15, 2012)¹

Company: ______ Frontier Communications of the South, LLC

Contact name & title: ______ Deborah Fasciano, Analyst - Government & Regulatory Affairs

Telephone number: <u>585-777-5823</u>

E-mail address: ______ Deborah.Fasciano@ftr.com

Services Provided in Florida

- 1. Please complete all applicable data tables.
- 2. If you submitted data tables in 2011, please provide an explanation below of any differences in the number of access lines by category that occur in your 2012 submission that exceed 10 percent.

Total State Retail Residential and Business Access Line Counts

3. How many traditional retail residential and business voice-grade equivalent lines do you have in Florida? The numbers below should match the residential and business totals in Table 1. The Commission's intent is to publish these totals in the report.

<u>2622</u> Residential <u>349</u> Business <u>2971</u> Total

Bundled Services & Prepaid Service

What percentage of your Florida residential and business customers purchase bundled (i.e. voice service packaged with additional services such as internet or video service) offerings?
 Please provide the percentage below. Do not include bundles of telecom-only services. If you do not offer bundled services, indicate "not applicable."

1

- COM _ APA
- ECR <u>1</u> The due date is established by Section 364.386(1)(b), Florida Statutes. Failure to comply with this rule may result in GCL the Commission assessing penalties of up to \$25,000 per offense, with each day of noncompliance constituting a separate
- GCL the Commission assessing penalties of up to \$25,00 RAD offense per Section 364.285(1), Florida Statutes.

ODDIMENT HUMBER (DATE

02202 APR 11 º **FPSC-COMMISSION CLERK**

5. This question concerns **prepaid** local telephone service in Florida. Please place a check by the response that most accurately reflects whether or not you provide **prepaid** local telephone service.

Company provides ONLY prepaid local telephone service in Florida
 Company provides prepaid AND non-prepaid local telephone service in Florida
 X Company does NOT provide prepaid local telephone service in Florida

<u>VoIP</u>

6. Did you provide VoIP service to end users in Florida as of December 31, 2011? VoIP service is defined as IP-based voice service over a digital connection.

_____ Yes _____ No

7. Indicate below whether you are currently providing VoIP service to end users in Florida. Please check all that apply.

 X
 Not providing VoIP service to end users

 Providing VoIP services to business end users

 Providing VoIP services to residential end users

8. If you are providing VoIP service in Florida, please check all that apply:

Use of public Internet

_____ Use of private IP network

Broadband

- Do you provide broadband to residential customers in Florida?
 X Yes
 No
- 10. If you do provide broadband to residential customers in Florida, please give your best estimate of the percentage of residential end user premises in your Florida service area for which your broadband services are available.
- 11. How many residential broadband subscribers do you have in Florida?

- 12. Please list the method(s) of broadband provisioning utilized by your company in Florida (i.e., DSL, cable modem, fiber, etc.). DSL
- 13. What are the typical downstream and upstream speeds for your most subscribed to broadband service? 3M/384K or 1Mx256K
- 14. What is the monthly price for your most subscribed to broadband service? \$39.99

Fiber Deployment

15. Did you have any fiber deployments to homes or businesses in Florida between January 1, 2011 and December 31, 2011?

16. Please provide the number of new residential and business subscribers served by Fiber to the Home, Fiber to the Premises, and/or Fiber-to-the-Curb technology since the last reporting period.

0 Residential Subscribers 0 Business Subscribers 0 Total

17. Please provide your company's total statewide residential and business subscribers currently served by Fiber-to-the-Home, Fiber-to-the-Premises, and/or Fiber-to-the-Curb technology.

____0 Residential Subscribers

<u>0</u> Business Subscribers

Video Service

- 18. What video services does your company offer in Florida? Check all that apply.
 - _____ Fiber or copper based video service
 - ____ Cable television
 - <u>X</u> Satellite television

Form 477

19. Please provide a copy of the Form 477 you filed with the FCC with data as of **December 31**, 2011.

Comments

20. Please provide any comments, suggestions or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida. We would appreciate any comments or information on intermodal local competition (e.g., wireless, cable telephony, VoIP), reports or studies you have completed on CLEC market share, or anything else that you believe to be relevant.

Form 477 Submission for FRN: 3576352, Company: Frontier Communications Corporation, State: FL, Operations: ILEC, Data as of Dec 31, 2011

Status: On Feb 29, 2012, the status for this Form 477 submission was changed to Original - Submitted.

Data Description	Value
Data as of	Dec 31, 2011
1. FRN	3576352
2. Company	Frontier Communications Corporation
3. Type of Operations	GILEC O Non-ILEC
4. Use this drop-down list to select a single name, such as the holding company, to identify all commonly-owned or commonly-controlled filers. Commonly-controlled filers with no holding company should decide on a single name to use for this question. Select "not shown" if no appropriate name appears in the list.	Frontier Communications Corporation
If you selected "not shown" above, type in the single name that will identify all commonly-owned or commonly-controlled filers.	
5. State	FL
6. Contact person (person who prepared the submitted data)	
7. Contact person telephone number and email address	Phone. Email. Confirm Email.
8. Status of submission	Original - Submitted
9. Indicate whether you request non-disclosure of some or all of the information in this submission because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.	G No G Yes
10. Official (corporate officer, managing partner, or sole proprietor) whose signature certifies that he/she has examined the information contained in this Form 477 and that, to the best of his/her knowledge, information and belief, all statements of fact contained in this Form 477 are true and correct. For purposes of this Form 477, the entry of the official's name on this line shall constitute that official's electronic signature to this certification. Persons making willful false statements in a Form 477 can be punished by fine or imprisonment under the Communications Act, 47 U.S.C. 220(e).

11. Certifying official telephone number and email address Email.	Phone.	

Part I.A: Broadband - Asymmetric xDSL-

In Part I.A, report connections (wired "lines") to end users that you (including affiliates) equipped to enable the end user to receive information from and/or send information to the Internet at Information transfer rates exceeding 200 kbps in at least one direction. Report only in-service connections. The end user's Internet access service may be provided by you (including affiliates) or by an unaffiliated entity. For purposes of Part I.A, Internet Service Providers (ISPs) are not end users. Categorize the connection based on the technology employed by the part of the connection that terminates at the end user location. (Do not report anywhere in Form 477 any high-capacity connections between two locations of the same end user customer, ISP or communications carrier.)

(1)	(2)	(3)	(4)	(5)
Total connections to end users that you (including affiliates) equipped as broadband over your own local loop facilities or the equivalent, or over UNE loops or other facilities you obtained from an unaffiliated entity. Do not convert lines into a voice-grade-equivalent measure.	Percentage of (1) that you (including affiliates) equipped over your own local loop facilities or the equivalent. (Enter 0 if the true value is 0 percent.)		Percentage of (1) that connect to	Percentage of (1) that connect to residential end users and have information transfer rates exceeding 200 kbps in both directions. (Enter 0 if the true value is 0 percent.)

Break down the total connections reported in (1) to show the non-zero number in each of the following speed tiers. If the number of connections in a particular speed tier is zero, leave that data cell blank.

Connections reported in EACH data cell below must equal the sum of Asymmetric xDSL connections reported in Part VI by Census Tract, for that download/upload combination, and the sum of ALL data cells below must equal the total connections reported in (1).

Upload		Ð	ownload informa	tion transfer rat	te to the end use	r (8 categories):		
information	(6)	(7)	(8)	(9)	(10)	(11)	(12)	(13)

user premises (k) Percentage of (a) provided over fixed wireless at the end user premises	

Part V: Zip Code Information -- Local Voice Telephone Service and Interconnected VolP--

If you reported local exchange telephone lines in service to your end user customers, in Part II.A (1), or VoIP subscriptions that end users purchased from you, in Part II.B (1) or (2), you must list the 5-digit ZIP Codes in the state in which you had end user customers. Do not include any ZIP Codes in which you offered your local exchange telephone or VoIP service but had no end user customers, and do not include any out-of-state ZIP Codes.

Type all five digit ZIP codes in the following text box, separated by either commas, spaces, or carriage returns:

E

Census Tract Detail - Technologies except Terrestrial Mobile Wireless -

Form 4// Submission for FRN: 3576352, Company: Frontier Communications Corporation, State: FL, Operations: ILEC, Data as of: De... Page 6 of 11

If you reported broadband connections in Part I.A in a technology category other than <u>Terrectrial Mobile Wireless, you must specify the technology</u> category, identify the Census Tracts in this state in which you had connections in service using that technology, and, for each Census Tract, report the number of connections and the percentage residential in each relevant download/upload information transfer rate combination.

You can use the American Factfinder to look up 2010 Census Tract numbers for street addresses.
