via electronic mail only

Re: Docket No. 120225-EU- Complaint and request for expedited relief of Mosaic Fertilizer LLC against Peace River Electric Cooperative and Tampa Electric Company for single source electric supplier.

Dear Mr. Moyle:

By this letter, the Commission staff requests that Mosaic Fertilizer LLC (MOSAIC or utility) provide responses to the following data requests at the telephonic informal meeting on September 25, 2012, at 10:00 AM.

1. Please provide the maps referenced in Mosaic's July 24, 2012, letter, showing the two areas at issue in this docket. If the maps are large and cannot be emailed or faxed, Mosaic should email, prior to the meeting, a hand drawn map depicting the nearest existing facilities, the territorial lines, and the two anticipated mining sites.
2. What types of facilities are to be served - drag lines only or drag lines and processing facilities?
 - b. If draglines only, where is the processing plants that are associated with and who serves those facilities?
3. If the load in question is only draglines, in which utility's service territory will the facilities be located when service is initially needed?
4. When are the facilities expected to cross into the adjacent utility's service territory?
5. Does Mosaic know for how long it will mine in the two sites and whether they will crossing back across the territorial boundary on a frequent basis?

6. Mosaic stated that it will traverse the territorial boundary between TECO and PRECO. Does Mosaic know whether it will predominantly mine in TECO's or in PRECO's territory?
7. Why does Mosaic believe PRECO will not be able to secure adequate transmission facilities in time to provide service?
8. Has either PRECO or TECO provided service to Mosaic in the other's territory before?
 - b. If so, when, and what was the agreement?

Although you will be providing responses at the informal meeting, you may file the original and five copies of the requested information with Ms. Ann Cole, Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida, 32399-0850 at a later date.

Please feel free to call me at (850) 413-6183 if you have any questions.
