Re: Docket # 120269-WU.

Dear Commission Clerk:

Enclosed please find two invoices and a copy of a letter from my operator Consta Flow.

My operator notified me of electrical issues at the water plant.

Bid #1 needed to be addressed immediately, so I am enclosing a copy of the check showing this invoice paid.

Bid #2 should be added to the list of pro forma items in this rate case docket to be completed at later date.

On behalf of the utility,

Mike Smallridge

Re: Electrical Repairs Needed at Pinecrest Water Treatment Plant

Dear Mr. Smallridge,

Please be advised that I have identified some electrical issues at Pinecrest Water Treatment Plant that are in need of repair as soon as possible:

- The main disconnect for the 6" well needs to be replaced.
- The main breaker for the 4" well needs to be repaired.
- The chlorinators operate when the pressure switch closes-this needs to be changed to avoid constant running of the chlorine pumps in the event the motor trips.

If you have any questions about these findings, please feel free to contact me at any time.

Sincerely,

A handwritten signature in cursive script that reads 'Gaines Alexander'.

Gaines Alexander, Operator
