DOCKET NO. 140001-EI
ORDER NO. PSC-14-0502-CFO-EI
ISSUED: September 23, 2014

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03997-14)

On July 25, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain information contained in its 2015 Risk Management Plan, in particular Appendix III (Exhibit GJY-3) to the 2014 actual/estimated true-up petition (Document No. 03997-14).

Request for Confidential Classification

FPL contends that designated portions of the information contained in Exhibit GJY-3, as more specifically described line by line in Exhibit C attached to its Request, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL further contends that certain information provided in Exhibit GJY-3 include the details of FPL's strategy and plans for hedging fuel purchases in 2015 and beyond. FPL asserts that this information constitutes trade secrets which allow FPL to hedge its fuel purchases on favorable terms for FPL and its customers, the disclosure of which could impair FPL's ability to negotiate on favorable terms, to the detriment of FPL and its customers. Additionally, FPL contends that some information also relates to hedging-related bids or other contractual data, the disclosure of which would impair the efforts of FPL to hedge on favorable terms, to the detriment of FPL and its customers. Finally, FPL contends that Exhibit GJY-3 contains information related to FPL's competitive interests which, if disclosed, would impair the competitive business of FPL. FPL argues that this information is entitled to protection pursuant to Section 366.093(3)(a), (d), and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (a) Trade secrets.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the information described above satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Exhibit C attached to FPL's Request appears to be information concerning trade secrets, bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 03997-14 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 03997-14 is granted. It is further

ORDERED that the information in Document No. 03997-14, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period. It is further

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 23rd day of September, 2014.
