Ed,

In March and April of 2016 we hauled 36,400 gallons @ \$0.28/gallon.

We didn't haul liquid again until Jan of 2017, also the price went up to \$0.30/gallon.

Jan 2017 = 61,500 gals
Feb = 53,000 gals
March = 106,000 gals
