RE: Docket No. 20190026-TA - Petition for expedited review of NXX-X code denial by Number Pooling Administrator for the Port St. Lucie rate center, by Teleport Communications America, LLC - FL.

On December 19, 2018, Teleport Communications America, LLC – FL (TCAL) filed a request for additional numbering resources from the former Number Pooling Administrator, NeuStar, for the Port St. Lucie rate center, (WPBHFLGRXFY) switch. TCAL requested four blocks to meet the request of a specific customer for 4,000 consecutive numbers in the format of NPA-NXX. On December 19, 2018, TCAL’s request for additional numbering resources was denied because it did not meet the utilization criteria.

On Wednesday, January 23, 2019, TCAL filed a petition requesting that the Commission overturn NeuStar’s decision. In accordance with Section 2.07C.5.d(2). of the Administrative Procedures Manual (APM), staff has examined TCAL’s petition and has determined the following:

- The carrier has demonstrated that it has customers in need of numbering resources;
- The carrier has shown that it will be unable to provide services to these potential customers because of NeuStar’s denial of the numbering resources; and
- Customers will not be able to obtain service from the provider of his/her choice because the carrier does not have the numbers available.
