RE: Docket # 20190055

~~Dear Commission Clerk:~~

Please place this letter in the above docket file for staff review and please add me as an interested party.

Concerning the above docket file, I would like to suggest now maybe a good time to (and save a little money) help make this process a little easier on the utility companies and clearer understanding for its customers that both partake in this process.

Now, when a utility files for and Index adjustment and a pass through adjustment together, we have to send two separate notices to our customers which in my experience has proved confusing to some customers. I would suggest a combined customer notice for an index and pass through filing that would reflect one total amount of the increase so the customer can see a bottom line amount of the rate increase.

On behalf of my utilities,

Mike Smallridge.
