Re: Petition for Approval of Shared Solar Tariff by Tampa Electric Company
FPSC Docket No. 20180204-EI

Dear Mr. Teitzman:

Attached for filing in the above docket are copies of Tampa Electric Company's Original Sheet No. 3.300 and Original Sheet No. 3.305, both in tracked change and clean formats, marked "Revised 03/21/19", which we ask that you substitute in place of the earlier versions submitted in this proceeding. These tariff sheets have been modified at Staff's request and the modifications are as follows:

On Original Sheet No. 3.300, under the "Available" section, at line five, "Shared Solar facilities" is modified to read "the Shared Solar facility." Also on this tariff sheet the word "initial" in the last sentence of the "Available" section is stricken.

On Original Sheet No. 3.305, under Special Provisions, item 3, at line three, the term "Company owned" is stricken and the word "facilities" is modified to read "facility".

We would ask that you distribute these revised versions of Original Sheets No. 3.300 and 3.305 to recipients of the earlier filings with the Commission so that they may be substituted in place of the earlier versions. Please treat this filing as an amendment to the company's Petition in this docket so that these revised tariff sheets are the ones for which approval is sought.

Sheet No. 3.010 (the table of contents of miscellaneous rate schedules) remains unchanged from that previously filed.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley

ATTORNEY

SHARED SOLAR RIDERSCHEDULE: SSR – 1

AVAILABLE: At the option of the customer, available to residential, commercial and industrial customers per device (non-totalized or totalized electric meter) on rate schedules RS, GS, GSD and IS on a first come, first served basis subject to subscription availability. Not available to customers who take service under NM-1, RSVP-1, any standby service or time of use rate schedule. Subscription availability will be dependent on availability of the Shared Solar facility. Customers who apply when availability is closed will be placed on a waiting list until Shared Solar capacity becomes available. The Shared Solar facility will be for 17.5 MWac* capacity and full subscription will be when 95% of expected annual energy output has been subscribed.

APPLICABLE: Applicable, upon request, to eligible customers in conjunction with their standard rates and availability of service subject to subscription availability.

CHARACTER OF SERVICE: Shared Solar - 1 (SSR-1) enables customers to purchase monthly energy produced from Company-owned solar facilities for a selected percentage of that month's billed kWh. For RS and GS, individual subscriptions will be measured as a percentage of the monthly energy consumption as selected by the customer: 25%, 50% or 100% rounded up to the next highest kWh. For GSD and IS, a fixed kWh subscription in 1,000 kWh blocks will be identified by the customer not to exceed their average monthly kWh consumption for the previous 12-months at the time of subscription.

MONTHLY RATE: \$0.063 per kWh for monthly energy consumption.

The monthly SSR-1 rate, multiplied by the monthly energy consumption selected by the customer, will be charged to the customer in addition to the customer's normal cost of electricity pursuant to their RS, GS, GSD or IS tariff charges applied to their entire monthly billing determinants, with the exception of the Fuel Charge, which is normally billed under the applicable tariff. Tampa Electric will seek to maintain the SSR-1 energy rate at \$0.063 per kWh or lower until January 1, 2048, however the SSR-1 energy rate will remain subject to change by order of the Florida Public Service Commission.

Under SSR-1, the Fuel Charge for the applicable RS, GS, GSD, or IS tariff, for the monthly energy percentage or blocks selected by the customer, will be billed at a rate of \$0.00 per kWh provided under this rider. The Fuel Charge applies to the remainder of the monthly billing determinates.

Continued to Sheet No. 3.305

Continued from Sheet No. 3.300

TERM OF SERVICE: Subscription to the SSR-1 Rider will be for a period of one (1) month. The subscription will automatically renew on a month-to-month basis, until the customer provides notice of cancellation. After cancellation request is received, subscription will be removed from account within two billing cycles.

Requests to rejoin the SSR-1 Rider after previous cancellation may be subject to price changes and subscription availability. Participating customers who relocate to another Tampa Electric Company metered residence may transfer their subscription to the new premises. A participating customer cannot transfer their rights under this Rider to another customer.

State or Federal Legislation Opt-Out Clause: If State or Federal laws are instituted requiring Tampa Electric to provide renewable energy to all customers on some basis, the Company reserves the right to cancel all contracts and sales through this tariff without penalty.

SPECIAL PROVISIONS:

1. The bill calculated under this tariff is subject to change in such an amount as may be approved and/or amended by the Florida Public Service Commission.
2. Service hereunder is subject to the Rules and Regulations for Electric Service on file with the Florida Public Service Commission.
3. Billing will begin with the first billing cycle of the month following the month service under this Rider has been granted to the SSR-1 customer. Billing will cease should the Shared Solar facility utilized for service under this Rider cease operation for any reason or if the Opt-Out Clause listed above is enforced by Tampa Electric.
4. No charges made under this Rider in prior months will be refunded or adjusted if service under this Rider is discontinued for any reason.
5. The Company will retain ownership of the Renewable Energy Credits (RECs) and all other environmental attributes including but not limited to carbon emission reduction credits, which will not be otherwise sold by the Company. Customers may request to have RECs deposited into a designated account at their own expense.
6. Customers may not take service under the Levelized Payment Plan and Shared Solar Rider.

SHARED SOLAR RIDER

SCHEDULE: SSR – 1

AVAILABLE: At the option of the customer, available to residential, commercial and industrial customers per device (non-totalized or totalized electric meter) on rate schedules RS, GS, GSD and IS on a first come, first served basis subject to subscription availability.
