COMMISSION CLERK

ACCESS POINT, INC.

REQUEST FOR CANCELLATION

Access Point, Inc. (“API” or “Company”) hereby notifies the Commission that effective after December 31, 2018, API no longer provides telecommunications services in Florida and therefore requests that the Commission cancel its Certificates of Public Convenience and Necessity (“Certificate”) effective December 31, 2018, or the earliest possible date permitted.

I. DESCRIPTION OF THE COMPANY

Access Point, Inc. is a North Carolina corporation with headquarters at 1100 Crescent Green, Suite 109, Cary, NC 27518. The Commission granted API a Certificate to provide Interexchange Telecommunications Services in Docket No. 960785-TI on November 19, 1996, and a Certificate to Provide Alternative Local Exchange Telecommunications Services in Docket No. 980085-TX on March 27, 1998.

As result of a transaction completed on October 1, 2018, the Company is a direct, wholly owned subsidiary of GTT Americas, LLC (“GTTA”). GTTA is a Delaware limited liability company and direct, wholly-owned subsidiary of GTT Communications, Inc. (“GTT”), a publicly-traded Delaware corporation (NYSE: GTT). Both GTTA and GTT are headquartered at 7900 Tysons One Place, Suite 1450, McLean, Virginia 22102. GTT, through its subsidiaries including GC Pivotal, LLC d/b/a Global Capacity (“Global Capacity”), is a global provider of cloud networking services.

Global Capacity is a Delaware limited liability company with headquarters at 7900 Tysons One Place, Suite 1450, McLean, Virginia 22102. Global Capacity is a direct, wholly-owned subsidiary of GTTA and an indirect, wholly-owned subsidiary of GTT. The Commission granted Global Capacity a Certificate to provide Local Telecommunications within the State of Florida in Docket No. 140191-TX, Consummating Order No. PSC-14-0704-CO-TX on December 23, 2014. Global Capacity brings together customers and suppliers in an automated platform that provides ubiquitous access network solutions. Global Capacity provides simple, cost-effective and high-performance network solutions that support the exploding bandwidth requirements driven by Cloud, mobility and globalization. Global Capacity delivers its solutions to telecommunication carriers, managed service providers, application service providers, and enterprise customers throughout the United States.

III. REQUEST FOR CANCELLATION

In order to provide more effective billing and customer service support to the commercial and enterprise customers that constitute API's former customer base, effective January 1, 2019, Global Capacity became the service provider of record for the customers of API. As a result, API no longer provides telecommunications services in Florida and therefore requests that the Commission cancel its Certificate and tariff(s) effective December 31, 2018, or the earliest possible date permitted.

As of January 1, 2019, Global Capacity provides telecommunications services to API's customers pursuant to Global Capacity's Certificate under the same rates, terms and conditions as the services previously provided by API. In addition, API's customers received prior notice of the change in their provider. The change in provider, therefore, was seamless to customers and the requested cancellation is merely an administrative step. Further, the financial, technical, and managerial resources of GTT, combined with the capabilities of Global Capacity's telecommunications network will benefit the customer base previously served by API, enhancing their billing and customer service experience and giving them access to the network solutions available from Global Capacity.

Effective with revenues billed in January 2019, all revenues, customer lines and any associated assessments previously reported and remitted by API will be reported and remitted by Global Capacity. Further, to the extent that API had any outstanding obligations, including deposits, to any customers, Global Capacity is now responsible for such obligations.

Since API no longer provides telecommunications services in Florida, and Global Capacity provides telecommunications services to API's customers pursuant to the same rates, terms and conditions of service, the cancellation of API Certificate will serve the public interest. API, therefore, requests that the Commission act on this request as soon as practicable.

Respectfully Submitted,

Sharon Thomas, Consultant
