Message Body:

Honorable Governor DeSantis,

I have just been notified by Gulf Power of a rate surcharge that will be imposed on the residents of Panama City and I assume all communittee's served by them for "recovery funds" spent to restore service to the affected areas. I own property in Panama Cities St Andrews Historic District. Recently reported was the elevation to Category 5 for Hurricane Michael just for such additional funds to help the area and now we are receiving this rate increase surcharge for five years. I would appreciate a response as to the appropriateness of this Florida State approved rate increase in light of this recent development.

Mr, Jordi

RE: FPSC Inquiry 1311565C

Dear Mr. Jordi:

The Governor's office forwarded your concerns regarding Gulf Power Company to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

You expressed concerns about Gulf Power Company's petition for a limited proceeding for recovery of incremental storm restoration costs related to Hurricane Michael.

We will add your comments to the correspondence side of Docket No. 20190038.

If you want further case information, visit the FPSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in Docket number 20190038; all submissions can be found by accessing the Document Filing Index.

If you have any questions or concerns please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Randy Roland
