Message Body:

Why is the power company charging extra to recoup there money for hurricane Micheal when they have been paid by FEMA. Wouldn't this be double dipping.

RE: FPSC Inquiry 1311914C

Dear Mr. Selbee:

The Governor's office forwarded your concerns regarding Gulf Power Company to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

You expressed concerns about Gulf Power Company's petition for a limited proceeding for recovery of incremental storm restoration costs related to Hurricane Michael.

We will add your comments to the correspondence side of Docket No. 20190038.

If you want further case information, visit the FPSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in Docket number 20190038; all submissions can be found by accessing the Document Filing Index.

If you have any questions or concerns please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Randy Roland
