Failure to receive notice by email, phone, or text message, or to be aware of impending disconnection will not exempt service from disconnection. Services are subject to disconnection any time there is not a credit balance on your account, including weekends. Any returned items (checks or debit/credit card) received on the account including applicable fees will be charged to your account immediately. If this causes the credit balance on the account to be exhausted, service will be disconnected within 24 hours. Before service is reconnected, account balance will have to be brought back up to a minimum of \$15.00 credit. Any tampering-related fees will subject the account to immediate disconnection and must be paid before service is reconnected. You will be required to purchase a minimum of \$15.00 of prepaid service plus any unpaid balance that was due at the time of disconnection before service is reconnected. Real-time payments can be made by going to any Money Gram or Fidelity Express location. **If your service has been disconnected, payment must be made through MoneyGram to avoid any delay in reconnection. Payments made at these locations are applied within 30 minutes; all other payments will be posted within two (2) business days.** To locate a MoneyGram payment center near you please log onto www.moneygram.com or fidelityexpress.com.

The applicable percentage will be determined by the amount of debt recovery.
- **If an account is disconnected and does not become active for ten (10) consecutive days:** The account will be considered inactive and a final bill will be mailed to the mailing address on file. Please note that accounts will continue to bill daily for all Municipal Services until the final bill is completed and a \$25.00 service fee will also be applied at this time.
- **Termination of Service and Final Billing:** A full settlement of the account shall be made when participation in the service ends and the account is final billed. Service terminated at the request of the customer will receive a refund of any remaining credit on the account or will be billed for any outstanding balance.
- **Conversion to Post-paid service:** You may elect to convert your account to post-paid service (billed monthly), at which time City of Ocala Utility Services will require full payment of the required deposit as a condition of continued service.
