1 **25-30.350 Underbillings and Overbillings for Water and Wastewater Service.**

2 (1) A utility may not backbill customers for any period greater than 12 months for any
3 undercharge in billing which is the result of the utility's mistake.

4 (a) The utility shall allow the customer to pay for the unbilled service over the same time
5 period as the time period during which the underbilling occurred or some other mutually
6 agreeable time period. The utility shall not recover in a ratemaking proceeding, any lost
7 revenues which inure to the utility's detriment on account of this provision.

8 (b) The revised bill shall be calculated on a monthly basis, assuming uniform consumption
9 during the month(s) subject to underbilling, based on the individual customer's average usage
10 for the time period covered by the underbilling. The monthly bills shall be recalculated by
11 applying the tariff rates in effect for that time period. The customer shall be responsible for the
12 difference between the amount originally billed and the recalculated bill. All calculations used
13 to arrive at the rebilled amount shall be made available to the customer upon the customer's
14 request.

15 (2) In the event of an overbilling, the utility shall refund the overcharge to the customer
16 based on available records. If the commencement date of the overbilling cannot be
17 determined, then an estimate of the overbilling shall be made based on the customer's past
18 consumption.

19 (3) In the event of an overbilling, the customer may elect to receive the refund as a one-
20 time disbursement, if the refund is in excess of \$20, or as a credit to future billings. Refunds
21 for overbillings shall be disbursed pursuant to Rule 25-30.360, F.A.C.

1 **25-30.360 Refunds.**

2 (1) Applicability. ~~With the exception of deposit refunds, All refunds under this chapter~~
3 ~~ordered by the Commission shall be made in accordance with the provisions of this rule,~~
4 unless another rule in this chapter specifically sets forth the procedure for making refunds
5 ~~otherwise ordered by the Commission. The calculation for overbillings shall be pursuant to~~
6 Rule 25-30.350, F.A.C., and disbursed pursuant to this rule.

7 (2) Timing of Refunds. Refunds must be made within 90 days of the Commission's order
8 unless a different time frame is prescribed by the Commission. A timely motion for
9 reconsideration temporarily stays the refund, pending the final order on the motion for
10 reconsideration. In the event of a stay pending reconsideration, the timing of the refund shall
11 commence from the date of the order disposing of any motion for reconsideration. This rule
12 does not authorize any motion for reconsideration not otherwise authorized by Chapter 25-22,
13 F.A.C.

14 (3) Basis of Refund. Where the refund is the result of a specific rate change, including
15 interim rate increases, and the refund can be computed on a per customer basis, that will be the
16 basis of the refund. However, where the refund is not related to specific rate changes, such as
17 a refund for overearnings, the refund shall be made to customers of record as of a date
18 specified by the Commission. In such case, refunds shall be made on the basis of usage. Per
19 customer refund refers to a refund to every customer receiving service during the refund
20 period. Customer of record refund refers to a refund to every customer receiving service as of
21 a date specified by the Commission.

22 (4) Interest.

23 (a) In the case of refunds which the Commission orders to be made with interest, the
24 average monthly interest rate until refund is posted to the customer's account shall be based on
25 the 30 day commercial paper rate for high grade, unsecured notes sold through dealers by

1 major corporations in multiples of \$1,000 as regularly published in the Wall Street Journal.

2 (b) This average monthly interest rate shall be calculated for each month of the refund
3 period:

4 1. By adding the published interest rate in effect for the last business day of the month
5 prior to each month the refund period and the published rate in effect for the last business day
6 of each month of the refund period divided by 24 to obtain the average monthly interest rate;

7 2. The average monthly interest rate for the month prior to distribution shall be the same as
8 the last calculated average monthly interest rate.

9 (c) The average monthly interest rate shall be applied to the sum of the previous month's
10 ending balance (including monthly interest accruals) and the current month's ending balance
11 divided by 2 to accomplish a compounding effect.

12 (d) Interest Multiplier. When the refund is computed for each customer, an interest
13 multiplier may be applied against the amount of each customer's refund in lieu of a monthly
14 calculation of the interest for each customer. The interest multiplier shall be calculated by
15 dividing the total amount refundable to all customers, including interest, by the total amount
16 of the refund, excluding interest. For the purpose of calculating the interest multiplier, the
17 utility may, upon approval by the Commission, estimate the monthly refundable amount.

18 (e) Commission staff shall provide applicable interest rate figures and assistance in
19 calculations under this Rule upon request of the affected utility.

20 (5) Method of Refund Distribution. For those customers still on the system, a credit shall
21 be made on the bill. In the event the refund is for a greater amount than the bill, the remainder
22 of the credit shall be carried forward until the refund is completed. If the customer so requests,
23 a check for any negative balance must be sent to the customer within 10 days of the request.
24 For customers entitled to a refund but no longer on the system, the company shall mail a
25 refund check to the last known billing address except that no refund for less than \$1.00 will be

2 | (6) Security for Money Collected Subject to Refund. In the case of money being collected
3 | subject to refund, the money shall be secured by a bond unless the Commission specifically
4 | authorizes some other type of security such as placing the money in escrow, approving a
5 | corporate undertaking, or providing a letter of credit. The company shall provide a report by
6 | the 20th of each month indicating the monthly and total amount of money subject to refund as
7 | of the end of the preceding month. The report shall also indicate the status of whatever
8 | security is being used to guarantee repayment of the money.

9 | (7) Refund Reports. During the processing of the refund, monthly reports on the status of
10 | the refund shall be made by the 20th of the following month. In addition, a preliminary report
11 | shall be made within 30 days after the date the refund is completed and again 90 days
12 | thereafter. A final report shall be made after all administrative aspects of the refund are
13 | completed. The above reports shall specify the following:

- 14 | (a) The amount of money to be refunded and how that amount was computed;
15 | (b) The amount of money actually refunded;
16 | (c) The amount of any unclaimed refunds; and

Notice of Proposed Rule

PUBLIC SERVICE COMMISSION

RULE NOS: RULE TITLES:

25-30.350 Underbillings and Overbillings for Water and Wastewater

25-30.360 Refunds

PURPOSE AND EFFECT: To clarify the procedure for customer refunds due to overbilling by water and wastewater companies

Docket No.20190152-WS

SUMMARY: Rule 25-30.350, F.A.C., sets forth the procedure for calculating overbillings. Rule 25-30.360, F.A.C., sets forth the procedure for disbursing the amount of refunds. Once the Commission determines that a water or wastewater utility has overbilled a customer pursuant to Rule 25-30.350, F.A.C., any refund required due to overbilling must be disbursed by the utility pursuant to Rule 25-30.360, F.A.C. The rule amendments clarify that the two rules are to function in conjunction with each other.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency. The SERC examined the factors required by Section 120.541(2), FS, and concluded that the rule amendments will not have an adverse impact on economic growth, business competitiveness, or small business and that there would likely be transactional cost savings to the individual and entities, including government entities, required to comply with the rule.

The agency has determined that the rule amendments are not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RE: **Statement of Estimated Regulatory Costs** for Proposed Rule 25-30.350, Underbillings and Overbillings for Water and Wastewater Service, Florida Administrative Code (F.A.C.), and Rule 25-30.360, Refunds, F.A.C.

The purpose of this rulemaking initiative is to clarify the procedure for customer refunds due to overbillings by water and wastewater companies.

The attached Statement of Estimated Regulatory Costs (SERC) addresses economic impacts and considerations required pursuant to Section 120.541, Florida Statutes (F.S.). The SERC analysis indicates that the proposed rule amendments will not likely increase regulatory costs, including any transactional costs or have an adverse impact on business competitiveness, productivity, or innovation in excess of \$1 million in the aggregate within five years of implementation. The proposed rule amendments would have no impact on small business, would have no implementation cost to the Commission or other state and local government entities, and would have no impact on small cities or counties.

A noticed rule development workshop was held on July 15, 2019. Comments received have been incorporated to the revised rules. No regulatory alternatives were submitted pursuant to Section 120.541(1)(g), F.S. The SERC concludes that none of the impacts/cost criteria established in Sections 120.541(2)(a), (c), (d), and (e) F.S. will be exceeded as a result of the proposed rule revisions.
