To Whom It May Concern,

Please note that Dedicated Fiber Systems, Inc., a Florida corporation, sold all assets to Hargray Communications in May of 2019. DFS was a Dark Fiber provider in Jacksonville, FL. We are maintaining the company name until we finalize an escrow payment in May of 2020. We have no further use of our ALEC license as well.

We paid our full 2019 RAF and penalty for late payment.

Please consider elimination of any RAF for 2020 and instruct what I need do to cancel the ALEC license if anything.

Thank you,

Charles Nichols
