Subject: Updated version of spreadsheet - Gulf response to DSM Plan Staff's 1st DR, No. 2

Hi Doug,

Attached is a reformatted version of the spreadsheet we discussed this morning. The data is the same as the previous version, but this version should be more user-friendly. It aligns more clearly with Appendix A in Gulf's Plan, and the programs line up across 2015 and 2020.

With regard to the specific programs you mentioned (Res Custom, CPO and curtailable), the spreadsheet now notes that the 2015 Plan did not have goals for these programs.

Don't hesitate to call me if you have any more questions. Thank you, Doug!
