**Subject:** PSC Docket No. 20200176 - Say No to Duke CEC

Dear Commissioner Andrew Giles Fay,

Duke Energy can pay for its own Clean Energy Connection. Please deny its request. This is not the right way to promote the use of solar which we need Thank you

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Vulnerable communities already have a difficult enough time paying their current utility bills without an additional rate increase that will subsidize big corporations instead of providing all ratepayers the benefits of clean energy.

Please deny Duke Energy's request to approve their Clean Energy Connection program. If all customers, like me, are paying for solar then we deserve to also enjoy all the cost savings of that solar, and not just big corporations.

Sincerely,

Beth Lacivita

Dear Commissioner Andrew Giles Fay,

Yes, I agree with the above message. Why should I pay for them? What do I get out of it? A larger bill. This is not fair. Is this what you call Clean Energy Connections? That doesn't sound clean to me. I say NO to Duke CEC!!!

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Dear Commissioner Andrew Giles Fay,

Typical Florida Corruption, Donald has gone now guys let's get back to normal life and stop big business running everything for the rest of us.

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Dear Commissioner Andrew Giles Fay,

Duke Energy has consistently run roughshod over its own customers with outrageous charges combined with third-world level service to those of us who live in rural Florida. Tell Duke Energy "NO" to this greedy scheme, and force them to be held accountable for the absolutely absurd treatment of their Florida customers - from price gouging all customers to failing to provide reliable electricity for the rural citizens of this state.

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves.
