Good Morning, S Amar

We will be placing your comments below in consumer correspondence in Docket No. 20200176-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz
Commission Deputy Clerk II
Florida Public Service Commission

Subject: PSC Docket No. 20200176 - Say No to Duke CEC

Dear Adam Teitzman,

It's obvious that significant numbers of people have lost their jobs and health insurance during these terrible times. People are working sick and healthcare workers are driven into the ground. This is not the time to be robbing the citizenry.

I will also add that since the smart meter was installed, which I have researched to YEARS and refused to have until I realized that I would be charged if I didn't connect with the smart meter, and that BESIDES, ALL THE SURROUNDING HOUSES HAVE IT SO there is no remedy.

COMMISSION, do the right thing to serve the people first and foremost.

Sincerely,
Sheree Amar(((

!!!

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Vulnerable communities already have a difficult enough time paying their current utility bills without an additional rate increase that will subsidize big corporations instead of providing all ratepayers the benefits of clean energy.

Please deny Duke Energy's request to approve their Clean Energy Connection program. If all customers, like me, are paying for solar then we deserve to also enjoy all the cost savings of that solar, and not just big corporations.

Sincerely,

S Amar
