Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Gulf Power Company (Gulf or Company) requests confidential classification of certain information filed in the above referenced-docket, dated January 29, 2021.

The Company is claiming confidentiality of its filing under Section 366.093(3)(d), F.S., and Section 366.093(3)(e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsection (d) “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms,” and Subsection (e) “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

More specifically, 423 Forms contain pricing information for capacity purchases between Gulf and various counterparties. The pricing information is regarded by both Gulf and the counterparties as confidential. The negotiated pricing is specific to the individual contracts and is not publicly known. Gulf claims disclosure of this information would negatively impact its ability to negotiate favorable pricing terms for its customers. This information has historically been granted confidential classification by the Commission.

Staff has reviewed the Company’s confidentiality request. It is staff’s opinion that the information subject to this request meets the criteria for confidentiality contained in Section 366.093(3)(d), F.S. and Section 366.093(3)(e), F.S.
