To whom it May concern :

I hereby let you know that I, Jonathan Fernandez, do not agree with the increase in the water rate. I understand that I am a person who does not like to waste, and I find that the rate I pay for it is high, imagine if the cost goes up.

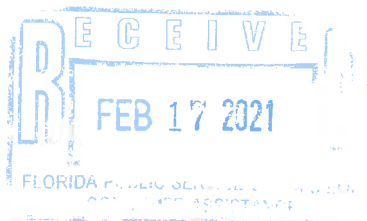

I think that you must put a fair price where neither you nor the community are affected and more so now that the community has grown with new houses. I think they should also consider that many due to the pandemic have reduced our working hours and that it is not the time to raise the rate.

I hope you can make the right decision where neither party is affected.

Blessings,
