Re: City of Chattahoochee, Florida – Revised Tariff Sheets

Dear Mr. Teitzman:

This letter is submitted on behalf of the City of Chattahoochee, Florida pursuant to Rules 25-9.05 through 25-9.071 of the *Florida Administrative Code*.

Electronically filed are the city's following tariff sheets in legislative and final filing formats:

- a) Ninth Revised Sheet No. 6.0 – *Residential Service*;
- b) Ninth Revised Sheet No. 7.0 – *General Service, and*,
- c) Tenth Revised Sheet No. 8.0 – *Large Power Service*.

A copy of the city's Ordinance No. 558 approving the revisions to the above referenced rate schedules is included with this filing.

Please contact our office if there are any questions.

Very truly yours,

/s/

Jody Lamar Finklea
General Counsel and Chief Legal Officer

RESIDENTIAL SERVICE
RATE SCHEDULE - RS

AVAILABILITY:

This section is applicable to electric service throughout the entire territory served by the City of Chattahoochee to individual (single family) residences, apartments, or farms, churches, lodges and religious institutions. The rate is not applicable to business houses, licensed boarding or rooming houses, or when advertised as such, educational institutions or apartment house, except when the latter is served by a separate meter for each apartment. Single-phase motors used for residential purposes and rated at more than 7.5 h.p. may be connected only at the option of the city. All electrical appliances to be served under this rate are subject to approval by the city.

CHARACTER OF SERVICE:

Energy delivered under this schedule shall be alternating current, 60 cycles, single-phase, at a nominal 120/240 volts. The City may, at its option, provide three-phase 120/240-volt service if and when readily available, but only where individual motors rated at 5.0 h.p. or larger are connected.

SERVICE CHARGE:

Per meter per month:	<u>Single Phase</u>	<u>Three Phase</u>
	\$6.50 <u>7.15</u>	\$9.75 <u>10.73</u>

STORM RECOVERY CHARGE:

- a. All electric customers of the city, including any city electric customer not described in the City Code of Ordinances 59.41, 58.42, or 59.43, shall pay a Storm Recovery Charge of ~~\$0.015~~0.075 per kWh.
- b. Said recovery charge shall remain in effect until the adoption of a subsequent ordinance by the City Council which determines the project relative to storm recovery has been fully accomplished.

TAX ADJUSTMENT:

The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may, after the effective date of this section, be imposed by a state or federal taxing body.

ENERGY CHARGE:

Effective January ~~1411~~, ~~2019~~21, all kWh per month will be ~~\$0.0886~~0.075.

(Continued on Sheet No. 6.1)

RESIDENTIAL SERVICE
RATE SCHEDULE - RS

AVAILABILITY:

This section is applicable to electric service throughout the entire territory served by the City of Chattahoochee to individual (single family) residences, apartments, or farms, churches, lodges and religious institutions. The rate is not applicable to business houses, licensed boarding or rooming houses, or when advertised as such, educational institutions or apartment house, except when the latter is served by a separate meter for each apartment. Single-phase motors used for residential purposes and rated at more than 7.5 h.p. may be connected only at the option of the city. All electrical appliances to be served under this rate are subject to approval by the city.

CHARACTER OF SERVICE:

Energy delivered under this schedule shall be alternating current, 60 cycles, single-phase, at a nominal 120/240 volts. The City may, at its option, provide three-phase 120/240-volt service if and when readily available, but only where individual motors rated at 5.0 h.p. or larger are connected.

Per meter per month:	<u>Single Phase</u>	<u>Three Phase</u>
	\$7.15	\$10.73

STORM RECOVERY CHARGE:

- a. All electric customers of the city, including any city electric customer not described in the City Code of Ordinances 59.41, 58.42, or 59.43, shall pay a Storm Recovery Charge of \$0.0075 per kWh.
- b. Said recovery charge shall remain in effect until the adoption of a subsequent ordinance by the City Council which determines the project relative to storm recovery has been fully accomplished.

TAX ADJUSTMENT:

The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may, after the effective date of this section, be imposed by a state or federal taxing body.

ENERGY CHARGE:

Effective January 11, 2021, all kWh per month will be \$0.0975.

(Continued on Sheet No. 6.1)

GENERAL SERVICES
RATE SCHEDULE GS

AVAILABILITY:

This schedule is applicable to electric service at a single metering point throughout the entire territory served by the City for all services other than residential service and security lights.

CHARACTER OF SERVICE:

Service to be furnished under this schedule shall be alternating current, 60 cycles, single-phase 120/240 volt or three-phase 120/240 volt at nominal 120/208, 120/240 or 277/480 volts, at the option of the City, depending upon the class of service available.

RATES AND CHARGES:

	<u>Single Phase</u>	<u>Three Phase</u>
a. Service Charges, per month.	\$7.50 <u>8.25</u>	\$12.00 <u>13.20</u>
b. Energy charge is \$ 0.096 <u>1.057</u> per kWh.		

STORM RECOVERY CHARGE:

- a. All electric customers of the city, including any city electric customer not described in the City Code of Ordinances 59.41, 58.42, or 59.43, shall pay a Storm Recovery Charge of \$~~0.015~~0.075 per kWh.
- b. Said recovery charge shall remain in effect until the adoption of a subsequent ordinance by the City Council which determines the project relative to storm recovery has been fully accomplished.

TAX ADJUSTMENT:

The rates and charges set forth in this section shall be subject to proportional increases in existing taxes which may, after the effective date of this section, be imposed by a state or federal body.

TERMS OF PAYMENT:

All electric service bills rendered by the first day of the month are required to be paid by the tenth calendar day of the month. If not paid by the tenth of the month, a penalty of ten percent (10%) of the total bill will be assessed. If not paid by the 15th calendar day of the month, service will be subject to suspension.

If service is disconnected, a \$25.00 administrative fee will be assessed to reestablish service when such reconnection is performed during normal weekday working hours between 7:30 a.m. and 4:30 p.m. No such reconnection service shall be performed at other than normal business hours.

Should any customer be disconnected for nonpayment, the deposit for electric service may be increased, at the City's option.

POWER COST ADJUSTMENT:

See Fourth Revised Sheet Number 11.0.

LARGE POWER
RATE SCHEDULE GSD

AVAILABILITY:

This schedule is applicable to electric service at a single metering point throughout the entire territory served by the City of Chattahoochee to those customers having billing demands of not less than 100 kW. Customers requesting service under this section at a given metering point agree to take and pay for the service at the rate specified herein for at least 18 continuous months before receiving service at the metering point under any of the city's other available rates.

CHARACTER OF SERVICE:

Energy delivered under this section shall be alternating current, 60 cycles, three-phase service provided at 12,740 volts or above.

RATE: Large electric service rates shall be as follows:

- 1) **Demand Charge.** The demand charge for a 100-kW minimum is \$~~5.02~~5.020252 per kW per month.
- 2) **Energy Charge.** The energy charge is \$~~0.0857~~0.08570943 per kWh.

STORM RECOVERY CHARGE:

- a. All electric customers of the city, including any city electric customer not described in the City Code of Ordinances 59.41, 58.42, or 59.43, shall pay a Storm Recovery Charge of \$~~0.015~~0.0150105 per kWh.
- b. Said recovery charge shall remain in effect until the adoption of a subsequent ordinance by the City Council which determines the project relative to storm recovery has been fully accomplished.

TAX ADJUSTMENT:

The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may, after the effective date of this section, be imposed by a state or federal taxing body.

(Continued on Sheet No. 8.1)

LARGE POWER
RATE SCHEDULE GSD

AVAILABILITY:

This schedule is applicable to electric service at a single metering point throughout the entire territory served by the City of Chattahoochee to those customers having billing demands of not less than 100 kW. Customers requesting service under this section at a given metering point agree to take and pay for the service at the rate specified herein for at least 18 continuous months before receiving service at the metering point under any of the city's other available rates.

CHARACTER OF SERVICE:

Energy delivered under this section shall be alternating current, 60 cycles, three-phase service provided at 12,740 volts or above.

RATE: Large electric service rates shall be as follows:

- 1) **Demand Charge.** The demand charge for a 100-kW minimum is \$5.52 per kW per month.
- 2) **Energy Charge.** The energy charge is \$0.0943 per kWh.

STORM RECOVERY CHARGE:

- a. All electric customers of the city, including any city electric customer not described in the City Code of Ordinances 59.41, 58.42, or 59.43, shall pay a Storm Recovery Charge of \$0.0105 per kWh.
- b. Said recovery charge shall remain in effect until the adoption of a subsequent ordinance by the City Council which determines the project relative to storm recovery has been fully accomplished.

TAX ADJUSTMENT:

The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may, after the effective date of this section, be imposed by a state or federal taxing body.

ORDINANCE NO. 563

AN ORDINANCE OF THE CITY OF CHATTAHOOCHEE, FLORIDA RELATING TO ELECTRIC SERVICE RATES AND CHARGES; RECITING AUTHORITY; PROVIDING FOR RATE ADJUSTMENT FOR RESIDENTIAL ELECTRIC SERVICE RATES AND CHARGES; PROVIDING FOR RATE ADJUSTMENT FOR GENERAL ELECTRIC SERVICE RATES AND CHARGES; PROVIDING FOR RATE ADJUSTMENT FOR LARGE POWER ELECTRIC SERVICE RATES AND CHARGES; PROVIDING FOR CURRENT RATES AND CHARGES SAVINGS; PROVIDING FOR OTHER MATTERS; PROVIDING FOR CONFLICTS AND SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHATTAHOOCHEE, FLORIDA, as follows:

SECTION 1. AUTHORITY. This Ordinance (hereinafter called the "Ordinance") is enacted pursuant to the City Charter, provisions of Chapter 166, Florida Statutes, and other applicable provisions of law.

SECTION 2. RATE ADJUSTMENT FOR RESIDENTIAL ELECTRIC SERVICE RATES AND CHARGES.

Sec. 59-41.-Residential electric service rates and charges of the City Code of Ordinances as amended by Ordinance No. 562 is amended to read:

City Code Sec. 59-41.-Residential electric service rates and charges.

(a) *Availability.* The rates and charges in this section are applicable to electric service throughout the entire territory served by the City to individual (single-family) residences, apartments, farms, churches, lodges and religious institutions. This rate is not applicable to business houses, licensed boarding houses or rooming houses or, when advertised as such, educational institutions or apartment houses, except when the latter is serviced by a separate meter for each apartment. Single-phase motors used for residential purpose and rated at more than 7.5 hp may be connected only at the option of the City. All of the electrical appliances to be served under this rate are subject to approval by the City.

(b) *Character of service.* Energy delivered under this section shall be alternating current, 60 cycles, single-phase, at a nominal 120/240 volts. The City may, at its option, provide three-phase 120/240-volt service if and when readily

Coding: Words ~~stricken~~ are deletions; words underlined are additions.

available but only where individual motors rated at 5.0 hp or larger are connected.

(c) *Rates.* The electric service rates and charges shall be as follows:

- (1) *Service charges.* The service charges are single-phase, ~~\$6.50~~ \$7.15 per month; three-phase ~~\$9.75~~ \$10.73 per month
- (2) *Energy charge.* The energy charge is ~~\$0.0886~~ \$0.0975 per kWh.
- (3) *Security light.* The security light charges are material costs, plus \$9.00 per month.

(d) *Storm Recovery Charge.* The Storm Recovery Charge is \$0.0075 per kWh.

(e) *Tax adjustment.* The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may after the effective date of this section be imposed by a state or federal taxing body.

(f) *Purchased power cost adjustments.* The above rates and charges set forth in this section are based on a purchased power cost of \$0.033 kWh. Purchased power costs above \$0.033 shall be passed on to the consumer. The difference between the purchased power cost/kWh and \$0.033/kWh shall be multiplied by 1.05, and the resultant amount applied to all kWh consumed.

SECTION 3. RATE ADJUSTMENT FOR GENERAL ELECTRICAL SERVICE RATES AND CHARGES.

Sec. 59-42.-General electrical service rates and charges of the City Code of Ordinances as amended by Ordinance 562 is amended to read:

Sec. 59-42.-General electrical service rates and charges.

(a) *Availability.* The rates and charges in this section are applicable to electric service at a single metering point throughout the entire territory served by the City for all services other than residential service and security lights.

(b) *Character of service.* Energy delivered under this section shall be alternating current, 60 cycles, single-phase 120/240 volts or three-phase at nominal 120/208, 120/240 or 277/480 volts, at the option of the City, depending upon the class of service available.

(c) *Rates and charges.* Rates and charges shall be as follows:

- 2 -

Coding: Words ~~stricken~~ are deletions; words underlined are additions.

(1) *Service charges.* The service charges are single-phase, ~~\$7.50~~ \$8.25 per month, three-phase, ~~\$42.00~~ \$13.20 per month.

(2) *Energy charge.* The energy charge is ~~\$0.0964~~ \$.1057 per kWh.

(d) *Storm Recovery Charge.* The Storm Recovery Charge is \$0.0075 per kWh.

(e) *Tax adjustment.* The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which may hereafter be imposed by a state or federal taxing body.

(f) *Purchased power cost adjustments.* The above rates are based on a purchased power cost of \$0.033 kWh. Purchased power costs above \$0.033 shall be passed on to the consumer. The difference between the purchased power cost/kWh and \$0.033/kWh shall be multiplied by 1.05, and the resultant amount applied to all kWh consumed.

SECTION 4. RATE ADJUSTMENT FOR LARGE POWER ELECTRIC SERVICE RATES AND CHARGES.

Sec. 59-43.- Large power electric service rates and charges of the City Code of Ordinances as amended by Ordinance 561 is amended to read:

Sec. 59-43.-Large power electric service rates and charges.

(a) *Availability.* The rates and charges in this section are applicable to electric service at a single metering point throughout the entire territory served by the City to those customers having billing demands of not less than 100 kW. Customers requesting service under this section at a given metering point agree to take and pay for the service at the rate specified herein for at least 18 continuous months before receiving service at the metering point under any of the city's other available rates.

(b) *Character of service.* Energy delivered under this section shall be alternating current, 60 cycles, three-phase service provided at 12,470 volts or above.

(c) *Rates.* Large electric service rates shall be as follows:

(1) *Demand charge.* The demand charge (100 kW minimum) is ~~\$5.0202~~ \$5.52 per kW per month.

(2) *Energy charge.* The energy charge is ~~\$0.0857~~ \$0.0943 per kWh.

(d) *Storm Recovery Charge.* The Storm Recovery Charge is \$0.0105 per kWh.

(e) *Determination of billing demand.* The demand to be used for billing purposes shall be the maximum of 30 minutes integrated demand occurring during the month indicated by a meter as installed to measure demand, but in no event shall the billing demand be less than 70 percent of the maximum billing demand occurring during the preceding 11 months for which service and energy were supplied.

(f) *Minimum charge.* The minimum charge shall be 100 kW times the current demand charge per kW

(g) *Power factor adjustment.* A charge will be made equal to one percent of the demand charge for each one percent the average power factor is below 90 percent lagging, as determined by a test made by the city as indicated by a meter installed at the option of the city to measure power factor.

(h) *Purchased power cost adjustments.* The above rates are based on a purchased power cost of \$0.033 kWh. Purchased power costs above \$0.033 shall be passed on to the consumer. The difference between the purchased power cost/kWh and \$0.033/kWh shall be multiplied by 1.05, and the resultant amount applied to all kWh consumed.

(i) *Secondary voltage adjustment.* The above charges will be increased five percent when the city renders service at less than 12,470 volts. Any transformers required will be furnished by the city.

(j) *Tax adjustment.* The rates and charges set forth in this section shall be subject to proportional increases to compensate for any applicable taxes or increases in existing taxes which after the effective date of this section may be imposed by any state or federal taxing body.

SECTION 5. CURRENT RATES AND CHARGES SAVINGS. The City's electric rates and charges in effect upon the adoption of this ordinance shall be saved and remain in full force and effect until the effective date of this ordinance.

SECTION 6. OTHER MATTERS. The Mayor, the City Manager, and the City Clerk are hereby authorized and directed to take such actions as they may deem necessary or appropriate in order to implement the provisions of this Ordinance, including the execution of related documents or instruments. All action taken to date by the aforementioned officers of the City in furtherance of this Ordinance is hereby approved, confirmed and ratified.

SECTION 7. CONFLICTS AND SEVERABILITY.

(1) All resolutions or ordinances, or parts thereof, of the City in conflict with the provisions herein contained are, to the extent of such conflict, hereby superseded and repealed.

(2) If any Section or any portion of a Section of this Ordinance proves to be invalid, unlawful, or unconstitutional, it shall not be held to invalidate or impair the validity, force, or effect of any other Section or part of this Ordinance.

SECTION 8. EFFECTIVE DATE. This Ordinance shall take effect January 11, 2021.

INTRODUCED in open session of the City Council of the City of Chattahoochee, Florida on the 3rd day of November, 2020.

ENACTED by the City Council of the City of Chattahoochee, Florida on the 1st day of December, 2020.
