Other than as expressly assumed by Purchaser under this Agreement or in any document executed by Purchaser at Closing, Purchaser does not assume and shall not be liable for any expense, assessment, exposure, fine, penalty, liability, act or omission of Seller of any kind whatsoever imposed or required by any third party (including any federal, state, or local authority), whether known or unknown, whether contingent, liquidated or unliquidated, and whether arising or accruing under contract, tort, or pursuant to statute, rule, ordinance, law, regulation or otherwise. Without limiting the foregoing, Purchaser shall not be liable for any liabilities to the extent that they are based upon or arise out of any violation of law, breach of permit obligation, breach of contract, tort, or other act or omission of Seller occurring prior to the Closing Date. a. b. In addition to the \$11,000,000 payment due at Closing, Purchaser agrees to pay Seller an amount equal to the water Connection Charges for water transmission and treatment capacity paid to Purchaser from each new water customer connecting to the Purchaser's water systems in Utility Service Area ("Connections") during the Futures Period, as defined below (the "Futures Payments"). The Futures Payments will equal 100% of the Connection Charges collected by Purchaser, based on the then current amounts charged for connections by Purchaser but in no event less than the amounts charged for connections by Seller in effect on the day before the Closing Date. Purchaser agrees to use commercially reasonable efforts to timely collect and remit to Seller all Futures Payments. Futures Payments shall be made to the Seller for new Connections from and after the Closing Date for a period of five (5) years or until Futures Payments have been paid for a maximum of 600 ERCs, whichever occurs first ("Futures Period"); provided, however, that once the water supply capacity identified for a given system as identified in Appendix "H" has been fully committed or utilized, then no additional Futures Payments shall be due for connections to that system. During the Futures Period, Futures Payments shall be made semi-annually on April 15 and October 15 for the water Connection Charges collected during the previous six-month period (or shorter in the first and last years.) Each year, in connection with a Futures Payment, Purchaser shall provide Seller a list of the Connections made during the payment period. Purchaser shall, at Seller's request, make available documents necessary for Seller to verify the Futures Payments calculation. No Futures Payments shall be required for Connections: (i) to the Wastewater System assets; (ii) that were pre-paid to the Seller; (iii) that are not required to pay Connection Charges due to state or federal grant conditions, or exemption by law or court

order; (iv) that are served solely by an increase in water supply or treatment capacity constructed or implemented by Purchaser; or (v) that are outside the areas identified in **Appendix "H."**

6) No written or verbal notification of a Release of a Hazardous Material has been filed by or on behalf of Seller with respect to the Real Property. To Seller's actual knowledge, no such Real Property is listed or proposed for listing on the National Priority

5. **REPRESENTATIONS AND WARRANTIES OF PURCHASER.** As a material inducement to Seller to execute this Agreement and to perform its obligations hereunder, Purchaser represents and warrants to Seller as follows:

a. Purchaser has all requisite power and authority to enter into this Agreement and carry out and perform the terms and conditions of this Agreement.

b. This Agreement constitutes, and all other agreements to be executed by Purchaser with respect to this Agreement will constitute when executed and delivered, valid and binding obligations of Purchaser, enforceable in accordance with their terms.

d. Purchaser has received all required approvals of the Marion County Board of County Commissioners and other approvals required for Purchaser to execute this Agreement and perform its obligations hereunder; exclusive of those approvals required for financing the purchase of the Utility System Assets which the parties acknowledge and agree are subject to the conditions and termination provisions set forth herein.

6. **TITLE INSURANCE AND PERMITTED ENCUMBRANCES.**

a. Within forty-five (45) days of this Agreement, Seller shall cause a title insurance commitment to be issued by a title insurance company authorized to conduct business in Florida ("Title Insurer"), and delivered to Purchaser and Seller, covering the Real Property and encompassing legal and physical access from a dedicated public road, street, or highway, which access is insurable under the title policy, in the amount of \$11,000,000. The cost of the title insurance commitment and title insurance policy shall be borne by Seller. The title insurance commitment shall commit the Title Insurer to issue an owner's title insurance policy to Purchaser covering the Real Property (substantially in accordance with the ALTA Standard Owner's Form B), reflecting title to the Real Property to be insurable, except for the Permitted Encumbrances (see Section 6.f. below) and the standard exclusions from coverage; provided, however, that at

Closing the Title Insurer shall delete the standard exceptions for such items as materialman's liens, survey, and mechanic's liens. Seller shall execute at or prior to Closing, in favor of Purchaser and the Title Insurer the necessary mechanic's lien affidavit and "Gap" affidavit sufficient to allow the Title Insurer to delete all standard exceptions addressed by such affidavits.

b. Purchaser shall notify Seller in writing no more than twenty (20) days after receipt of the title insurance commitment of any material defect or objection to Seller's title to the Real Property other than the Permitted Encumbrances which render or may render Seller's title to the Real Property unmarketable or uninsurable in accordance with standards adopted by The Florida Bar. Any objections to title defects disclosed in the title insurance commitment not identified in the notice furnished by Purchaser shall be deemed to have been waived by Purchaser. Seller shall have twenty (20) days after receipt of Purchaser's notice to eliminate the defects or objections to title set forth in Purchaser's notice. However, in no event shall Seller be required to bring suit or expend any sum in excess of \$25,000 in the aggregate to cure title defects (exclusive of mortgages against the Real Property) that Seller has an obligation to discharge on or before Closing pursuant to the terms of this Agreement. If Seller fails to deliver title as herein provided, then Purchaser may:

i. Accept whatever title Seller is able to convey with no abatement of the Purchase Price; or

ii. Reject title and terminate this Agreement with no further liability of either Party to the other.

c. Purchaser may not object to title by reason of the existence of any mortgage, lien, encumbrance, covenant, restriction or other matter than: (i) will be satisfied with a payment in full by Seller at or prior to the Closing; (ii) any mechanic's lien or other encumbrance that will be released of record, bonded or transferred of record to substitute security so as to relieve the Real Property from the burden thereof at or prior to Closing; or (iii) the Title Insurer affirmatively insures over.

d. If Purchaser desires to have any standard survey exceptions deleted or modified in the title policy, Purchaser shall have the right to survey the Real Property and deliver to the Title Agent, no later than ten (10) days prior to the Closing, properly certified surveys of the Real Property that comply with Florida law.

e. Seller shall cause the Title Agent to deliver, promptly at or after Closing, the title insurance policy issued on the binder.

f. "Permitted Encumbrances" include the following:

i. All building restrictions, zoning regulations, laws, ordinances, resolutions, regulations and orders of any governmental authority having jurisdiction over the Real Property and the use thereof.

A copy of the report or reports shall be provided to Seller within ten (10) days of receipt by Purchaser. If such survey discloses the presence of any Hazardous Material, Seller shall have the right to perform such cleanup and remediation as is necessary hereunder. Upon Seller's failure to perform such cleanup and remediation prior to Closing, Purchaser may elect, as its sole remedy, to either: (i) terminate this Agreement, in which event neither Party shall have any liability to the other; or (ii) proceed to Closing without abatement of the Purchase Price.

d. Purchaser will cause to occur all necessary public hearings required to authorize Purchaser to enter this Agreement.

In that event, Purchaser and Seller shall have no liabilities and no further obligations to each other under this Agreement.

It is acknowledged by the Parties that the actual Closing Date may be extended to another mutually agreeable date without an amendment to this Agreement, but in no event shall the Closing Date be extended beyond July 19, 2021, unless the Parties agree in writing to a later date. As used in this Purchase Agreement, the term "Closing Date" shall mean the date on which the Closing occurs. All closing procedures shall be subject to the customary and reasonable practices and requirements of Purchaser and Purchaser's counsel. At Closing:

If the water distribution, transmission, and treatment capacity to serve such connections is not in operation as of the Closing Date then Connection Charges received by Seller prior to the Closing Date for which no physical connection has been made to the Utility System Assets shall be transferred to the Purchaser. Connection Charges paid after the Closing Date shall be the property of Purchaser, except to the extent they constitute Futures Payments.

j. Each of the Parties shall pay the fees of its own attorneys, bankers, engineers, accountants, and other professional advisers or consultants incurred in connection with the negotiation and execution of this Agreement.

k. All costs for services, materials and supplies rendered in connection with the operation of the Utility System Assets prior to and including the day of Closing including, but not limited to, electricity, telephone service and other such services, materials and supplies shall be paid by Seller at or prior to the Closing Date and Seller will have each service provider remove Seller as the responsible party for such services, and any prepaid amounts or deposits will be paid to Seller. Purchaser shall be responsible for all such costs and expenses incurred subsequent to Closing. No prorations shall be made at Closing and Purchaser shall initiate new contracts with all vendors or suppliers of materials, supplies and services as Purchaser may desire.

l. Seller shall convey to Purchaser by electronic transfer of funds all customer deposits and interest accumulated thereon through the Closing Date. iii. To the knowledge of Seller's counsel, the execution, delivery and performance of this Agreement will not violate any agreement to which Seller is a party or any law applicable to Seller.

iv. Neither the execution nor the delivery of the Closing documents will conflict with or result in a material breach by Seller or constitute a default or an event of default under any contract, agreement, instrument, court order, or judgment by which Seller is bound.

v. To the knowledge of Seller's counsel, there are no proceedings or claims pending against Seller in any court of law or in equity, or before or by any instrumentality which, if determined adversely to the Seller, would have an adverse effect upon Purchaser's rights under this Agreement or the Closing documents or adversely affect Seller's ability to perform its obligations under this Agreement or Purchaser's ability to operate the Utility System Assets subsequent to Closing.

vi. Except for FPSC approval of the sale of the Utility System Assets to Purchaser, which sale the FPSC is required to approve as a matter of right under Section 367.071, Florida Statutes, to the knowledge of Seller's counsel, no consent, approval or other action by any United States, federal or state regulatory authority or other person or entity is required for the execution, delivery or performance of any of the Closing documents by Seller or to establish the validity or enforceability of such documents by Purchaser.

b. The respective representations and warranties of the parties contained in this Agreement, or any document delivered pursuant to this Agreement, shall survive the consummation of the transactions contemplated hereby and continue for a period of two (2) years from the Closing, and thereafter shall terminate. If, within that two (2) year period, Purchaser identifies Utility System Assets located outside the areas identified in Section 4.e., Purchaser shall promptly provide notice to Seller. In addition, Purchaser is hereby authorized to offset any Futures Payments due Seller to the extent of such costs; provided that, such right of offset shall not obviate Seller's obligation to act and reimburse costs as set forth herein. Seller and Purchaser acknowledge and agree that Seller's total aggregate liability to Buyer under this Section 11, whether for damages, reimbursements, indemnification or otherwise will not exceed the sum of \$1,000,000.00.

CONSENT ORDER

This Consent Order (Order) is entered into between the State of Florida Department of Environmental Protection (Department) and Marion Utilities, Inc. (Respondent) to reach settlement of certain matters at issue between the Department and Respondent.

The Department finds and unless otherwise provided herein Respondent admits the following:

1. The Department is the administrative agency of the State of Florida having the power and duty to protect Florida's water resources and to administer and enforce the provisions of the Florida Safe Drinking Water Act, Sections 403.850, et seq., Florida Statutes (Fla. Stat.), and the rules promulgated and authorized in Title 62, Florida Administrative Code (Fla. Admin. Code). The Department has jurisdiction over the matters addressed in this Order.

2. Respondent is a person within the meaning of Section 403.852(5), Fla. Stat.

3. Respondent is the owner of a community water treatment plant equipped with three hydropneumatic tanks, two wells, and associated piping and appurtenances, PWS No. 6424652 (System). The System is located at SW 65th Ave. & SW 110th St, in Marion County, Florida (Property).

4. The Department finds that the following violations occurred:

a) Respondent failed to replace all three hydropneumatic tanks described in tank engineering inspection reports prepared in 2018 as needing replacement to prevent catastrophic failure and keep all three hydropneumatic tanks in good operating condition – exteriors exhibit corrosion (rust) in many areas (Rule 62-555.350(2), Fla. Admin. Code).

b) Respondent failed to keep two wells in good operating condition – both wells exteriors exhibit corrosion (rust) (Rule 62-555.350(2), Fla. Admin. Code).

c) Respondent failed to keep most piping runs in good operating condition – numerous exterior areas exhibit corrosion (rust) (Rule 62-555.350(2), Fla. Admin. Code).

Having reached a resolution of the matter Respondent and the Department mutually agree and it is

ORDERED:

5. Respondent shall comply with the following corrective actions within the stated time periods:

a) Within 365 days of the effective date of this Order, Respondent shall remove the existing hydropneumatic tanks and complete installation of new hydropneumatic tanks after complying with subparagraphs (i) and (ii), below, as applicable:

(i) Submit written notification to the Department before beginning installation actions that includes the following:

(I) A description of the scope, purpose, and location of the hydropneumatic tank installation; and

(II) Assurance that the hydropneumatic tank installation will comply with 62-555.320(20), Fla. Admin. Code, including applicable requirements in the engineering references listed in Rule 62-555.330, Fla. Admin. Code.

(ii) If the Department advises Respondent after submittal of the notification required by subparagraph (i), above, that a construction permit is required to complete installation of a new hydropneumatic tank, Respondent shall submit to the Department Form 62-555.900(1), Application for a Specific Permit to Construct PWS Components, effective August 28, 2003, within 30 days of such written notice from the Department.

b) Within 90 days of the effective date of this Order, Respondent shall remove corrosion from the exteriors of both wells and apply to them a coating made to resist corrosion.

c) At the time Respondent installs the new hydropneumatic tanks pursuant to paragraph 5(a), but not later than 365 days of the effective date of this Order, Respondent shall remove corrosion from the exterior of all piping runs and apply to them a coating made to resist corrosion.

6. Within 90 days of the effective date of this Order, Respondent shall submit a written estimate of the total cost of the corrective actions required by this Order to the Department. The written estimate shall identify the information the Respondent relied upon to provide the estimate.

7. Respondent agrees to pay the Department stipulated penalties in the amount of \$1,000.00 per day for each and every day Respondent fails to timely comply with any of the requirements of paragraph 5 of this Order. The Department may demand stipulated penalties at any time after violations occur. Respondent shall pay stipulated penalties owed within 30 days of the Department's issuance of written demand for payment and shall do so as further described in paragraph 8, below. Nothing in this paragraph shall prevent the Department from filing suit to specifically enforce any terms of this Order.

8. Respondent shall make all payments required by this Order by cashier's check, money order or on-line payment. Cashier's check or money order shall be made payable to the "Department of Environmental Protection" and shall include both the OGC number assigned to this Order and the notation "Water Quality Assurance Trust Fund." Online payments by e-check can be made by going to the DEP Business Portal at: <http://www.fldepportal.com/go/pay/>. It will take a number of days after this order becomes final, effective and filed with the Clerk of the Department before ability to make online payment is available.

9. Except as otherwise provided, all submittals and payments required by this Order shall be sent to Allen Rainey, Environmental Specialist, Department of Environmental Protection, 3319 Maguire Blvd., Suite 232, Orlando, FL 32803-3767.

10. Respondent shall allow all authorized representatives of the Department access to the System and the Property at reasonable times for the purpose of determining compliance with the terms of this Order and the rules and statutes administered by the Department.

11. In the event of a sale or conveyance of the System or of the Property upon which the System is located, if all of the requirements of this Order have not been fully satisfied, Respondent shall, at least 30 days prior to the sale or conveyance of the Facility or Property, (a) notify the Department of such sale or conveyance, (b) provide the name and address of the purchaser, operator, or person(s) in control of the Facility, and (c) provide a copy of this Order with all attachments to the purchaser, operator, or person(s) in control of the System. The sale or conveyance of the Facility or the Property does not relieve Respondent of the obligations imposed in this Order unless the Department and the Respondent otherwise agree in writing.

12. If any event, including but not limited to administrative or judicial challenges by third

parties unrelated to Respondent, occurs which causes delay or the reasonable likelihood of delay in complying with the requirements of this Order, Respondent shall have the burden of proving the delay was or will be caused by circumstances beyond the reasonable control of Respondent and could not have been or cannot be overcome by Respondent's due diligence. Neither economic circumstances nor the failure of a contractor, subcontractor, materialman, or other agent (collectively referred to as "contractor") to whom responsibility for performance is delegated to meet contractually imposed deadlines shall be considered circumstances beyond the control of Respondent (unless the cause of the contractor's late performance was also beyond the contractor's control). Upon occurrence of an event causing delay, or upon becoming aware of a potential for delay, Respondent shall notify the Department by the next working day and shall, within seven calendar days notify the Department in writing of (a) the anticipated length and cause of the delay, (b) the measures taken or to be taken to prevent or minimize the delay, and (c) the timetable by which Respondent intends to implement these measures. If the parties can agree that the delay or anticipated delay has been or will be caused by circumstances beyond the reasonable control of Respondent, the time for performance hereunder shall be extended. The agreement to extend compliance must identify the provision or provisions extended, the new compliance date or dates, and the additional measures Respondent must take to avoid or minimize the delay, if any. Failure of Respondent to comply with the notice requirements of this paragraph in a timely manner constitutes a waiver of Respondent's right to request an extension of time for compliance for those circumstances.

13. The Department, for and in consideration of the complete and timely performance by Respondent of all the obligations agreed to in this Order, hereby conditionally waives its right to seek to recover, by either administrative or judicial proceeding, costs, damages or civil penalties for all violations described above. This waiver is conditioned upon Respondent's complete compliance with all of the terms of this Order.

14. This Order is a settlement of the Department's civil and administrative authority arising under Florida law to resolve the matters addressed herein. This Order is not a settlement of any criminal liabilities which may arise under Florida law, nor is it a settlement of any violation which may be prosecuted criminally or civilly under federal law. Entry of this Order does not relieve Respondent of the need to comply with applicable federal, state, or local laws, rules, or ordinances.

15. The Department hereby expressly reserves the right to initiate appropriate legal action to address any future violations of statutes or rules administered by the Department that are not specifically resolved by this Order.

17. Respondent is fully aware that a violation of the terms of this Order may subject Respondent to judicial imposition of damages, civil penalties up to \$5,000.00 per day per violation, and criminal penalties.

18. Respondent acknowledges and waives its right to an administrative hearing pursuant to sections 120.569 and 120.57, Fla. Stat., on the terms of this Order. Respondent also acknowledges and waives its right to appeal the terms of this Order pursuant to section 120.68, Fla. Stat.

19. Electronic signatures or other versions of the parties' signatures, such as .pdf or facsimile, shall be valid and have the same force and effect as originals. No modifications of the terms of this Order will be effective until reduced to writing, executed by both Respondent and the Department, and filed with the clerk of the Department.

20. The terms and conditions set forth in this Order may be enforced in a court of competent jurisdiction pursuant to sections 120.69 and 403.121, Fla. Stat. Failure to comply with the terms of this Order constitutes a violation of section 403.161(1)(b), Fla. Stat.

21. This Consent Order is a final order of the Department pursuant to section 120.52(7), Fla. Stat., and it is final and effective on the date filed with the Clerk of the Department unless a Petition for Administrative Hearing is filed in accordance with Chapter 120, Fla. Stat. Upon the timely filing of a petition, this Consent Order will not be effective until further order of the Department.

22. By executing this Consent Order, Respondent does not admit liability for any past or present violations of law.

23. Respondent shall publish the following notice in a newspaper of daily circulation in Marion County, Florida. The notice shall be published one time only within 30 days of the effective date of the Order. Respondent shall provide a certified copy of the published notice to the Department within 10 days of publication.

STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION NOTICE
OF CONSENT ORDER

The Department of Environmental Protection (Department) gives notice of agency action of entering into a Consent Order with Marion Utilities, Inc. pursuant to section 120.57(4), Florida Statutes. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition concerning this Consent Order means that the Department's final action may be different from the position it has taken in the Consent Order.

The petition for administrative hearing must contain all of the following information:

- a) The OGC Number 20-0781;
- b) The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding;
- c) An explanation of how the petitioner's substantial interests will be affected by the Consent Order;
- d) A statement of when and how the petitioner received notice of the Consent Order;
- e) Either a statement of all material facts disputed by the petitioner or a statement that the petitioner does not dispute any material facts;
- f) A statement of the specific facts the petitioner contends warrant reversal or modification of the Consent Order;
- g) A statement of the rules or statutes the petitioner contends require reversal or modification of the Consent Order; and
- h) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the Department to take with respect to the Consent Order.

The petition must be filed (received) at the Department's Office of General Counsel, 3900 Commonwealth Boulevard, MS# 35, Tallahassee, Florida 32399-3000 or received via electronic correspondence at Agency_Clerk@floridadep.gov, within 21 days of receipt of this notice. A copy of the petition must also be mailed at the time of filing to the District Office at 3319 Maguire Blvd Suite 232, Orlando, FL 32803-3767. Before the deadline for filing a petition, a person whose substantial interests are affected by this Consent Order may choose to pursue mediation as an
