Subject: TECO increase

Good morning,

I own a home in Valrico Florida, Hillsborough County. I had a flyer in my TECO electric bill this month alerting me to a possible increase in my electric charges. It seems like we are getting increases from everywhere these days. My homeowners Insurance went up \$200 Per month due to other homeowners getting new roofs at no cost fraudulently. Ironic. Hillsboro county is asking for a rate increase on our solid waste fees.

My car insurance is going up also. It seems like we're getting hit with increases everywhere this year, and this is one more. I feel strongly we should hold up on any electric increase at least for a year or so to let people stabilize their monthly bills. Please do not allow this increase at this time. People are struggling and need a break somewhere.

Thank you and have a nice weekend,
Susan Kelly
