Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

(Please share your thoughts here.)I have spoken to FPL many times about the church tree that is underneath their pole. I told them to save yourself some money come and trim it before some wind comes and the neighborhood doesn't have power! Of course they didn't come and of course spent 16 hours no electricity they had to send 3 different people to do what they could of done less expensive if they would of followed my suggestion. NO INCREASES they don't work smart pay incredible salaries all at our expense.

Thank you,

Maria Martin
