**Subject:** Tell the PSC Why They Need approve the Original FPL rate request as is

Dear Commissioner

I agree with the original FPL rate request of 2022 \$10.53, 2023 \$3.91, 2024 \$2.12, 2025 \$1.45.

FPL and its parent company NextEra are the greenest, large electric companies in the United States and FLP has expenses to harden the grid infrastructure and get electricity back online after a hurricane. I applaud the FPL renewable energy initiatives.

I do not agree with reductions in the Settlement Proposal as this would be pennywise and pound foolish. Please do not cut FPL needed costs like Texas Public Utility Commission did and wound up with an electrical disaster earlier this year.

Thank you,

Gary Vaiskauckas
