Dear Commissioner

Please acknowledge my outrage at this rate increase while in a pandemic. Every consumer item is going up in price for obvious reasons of supply chain demand, but this increase has no merit. Plus the fact of FPL not having to provide rationales for the spending of these funds is a insult to my intelligence. We know they will use the money for other things and are just passing the costs to the consumer. Florida already has the highest rates and rate increases, enough is enough!!!

Thank you,
