Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

It irritates me as a consumer whenever these money sucker Corporations say jump the PSC says how high! Stop giving in to this abuse to the consumer. During this pandemic is not the time to have these corporations picking your pockets. Stop giving in, FPL doesn't need this increases, they don't need them. You should ask them if you need these increases why not bury the electrical lines. Why should Florida who get Hurricanes constantly have the lines not buried?

Thank you,

Richard Jorge
