Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Raising our rates at this time is upsetting because we have no choice to select another company for power and many of us are having a difficult time managing a budget for essentials. It's just getting to be too much, especially when there is no competition for FP & L. Residents are "stuck" and have no other choice than to pay for power. I think the Florida Public Service Commission needs to think about residents and not so much about what the big companies seem to get each time they ask for a raise.. It's so sad that the ordinary citizen has to suffer with rate increases. Mary Nardo 5650 Canvasback Dr. Mims, FL 32754
