Dear Commissioner

It is very important to me that rates be maintained low for retirees!  
The items FPL is looking to raise are by amounts that are above the average of others. It is evident to me that FPL is trying to shove this request down our throats, as they advertise constantly on TV that they provide service to us for less than other utilities... Thank you!!  
Because of this they feel the need to hike up our rates??

Thank you,

Craig Noville
