Dear Commissioner

Dear Sirs, Wow, an increase, just what retired people need in Fl. Everything else is going up- so let me get this straight-Temps are going up and down more and more-so by 2025 I will have to run less AC and do less cooking-hum- so I will starve and sweat, because I can not pay my bill.

So after you get this giant increase, you will have to not report your part on the Clean Air and how much you have made on these increases. Something does not sound fair? Thank you!  
Rita Schottler

Thank you,
