Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

Yes as a consumer I do my best to be conservative. Who is your watch dog? You are more than willing to spend my money my neighbors money and my families money. I plead with you to make smart informed decisions because what you decide to do determines whether or not I can afford to run my heat or air or if I have to turn it off and deal with the temperatures. If I could afford solar power I would have it. I just like everything else even though it makes strong economical sense, my paycheck does not allow for me to have an expense/or that luxury.

Thank you,

Leigh Penick
